FUEL SURCHARGE/PRICE PER GALLON

Fuel Cost Price Adjustment (Surcharge)
the following Fuel-Related Cost Price Adjustment (Surcharge) will apply on passenger transportation charges, as described below.

1. On the 25th day of each calendar month, the price per gallon of diesel will be determined based on the price stated by the U.S. Department of Energy (DOE), Energy Information Administration's (EIA) survey on "Retail ON-highway Diesel Prices- West Coast Average". This price will be obtained by calling the DOE Fuel Hotline at (202) 586-6966 or via the DOE internet web site at www.eia.doe.gov.

2. If the 25th day of the calendar month is a Federal holiday, the price will be determined based on the state DOE price available on the next subsequent business day.

3. The DOE fuel price obtained will then be indexed based on the fuel price adjustment factor matrix set forth in this item to determine the Fuel Cost Price Adjustment that will become applicable on the 1st day o the month. The adjustment determined will apply for all transportation beginning on the 1st day of the following month and will remain in effect through the last ay of that calendar month.

4. The surcharge will be added utilizing the matrix set forth below. The resulting charge is in addition to all other applicable transportation charges.

5%	$2.25 to	$2.50
10%	$2.51 to	$2.75
15%	$2.75	and up

The above diesel fuel related cost price adjustments (surcharge) will apply on charter transportation charges.

Fuel surcharge will be applied at appropriate percentage rate at time service was performed.

Fuel surcharges will be shown separately from regular charter rates on invoices and will apply to the total amount of transportation charges for the service performed.
