### FUEL SURCHARGE RULES

The following Fuel Surcharge Rules will apply to carriers authorized to provide charter service by limousine and that are authorized to charge and collect a fuel surcharge:

1. The price of regular and diesel fuel is an amount equal to the retail price per gallon of regular and diesel fuel effective for the 25th calendar day of the immediately preceding month determined according to the United States Department of Energy (DOE), Energy Information Administration (EIA) survey on Weekly Retail Gasoline and Diesel Prices, Regular Grade - West Coast (PADD 5) and Weekly Retail Gasoline and Diesel Prices, Diesel, All Types – West Coast (PADD 5). The prices may be obtained by calling the DOE, EIA at (202) 586-8800 or via the DOE, EIA website at www.eia.doe.gov, via the "Petroleum" link.

2. If the 25th day of the calendar month is a Federal holiday, the fuel price will be determined based on the stated DOE price available on the next subsequent business day.

3. The DOE fuel price obtained will then be indexed based on the matrix set forth below to determine the fuel surcharge. The fuel surcharge will apply for all charter limousine transportation beginning on the 1st day of the following month and will remain in effect through the last day of that calendar month.

4. The fuel surcharge will be added on an hourly basis utilizing the matrix set forth below. The resulting charge is in addition to all other applicable transportation charges.
