Deputy Commissioner Jennifer De Rose

ORDER

On August 13, 2020, a hearing on the above-captioned matters was held before Commissioner David Newton, serving in his capacity as Hearing Officer for the Nevada Transportation Authority ("Authority"). The cited party Bilal Ahmed ("Respondent") was present via Webex and elected to proceed without counsel.

After hearing the allegations, the respective arguments, and having considered the evidence introduced by both parties and being fully advised, the Hearing Officer, pursuant to Nevada Revised Statute ("NRS") 706.386 prepared a proposed decision for review by the Authority.

Based on that proposed decision, the Authority makes the following Findings of Fact and Conclusions of Law, which constitute a final order affirming the decision of the Hearing Officer. Any Finding of Fact that would be better deemed a Conclusion of Law or vice versa shall be so construed. Under NRS 706.151, the Authority has legal jurisdiction and authority over this matter.

FINDINGS OF FACT

The Authority finds that there is substantial evidence in the record delivered by the Hearing Officer, which contains the legal evidence presented at the hearing, to establish each of the facts hereinafter set forth in these Findings of Facts.

1. That on January 16, 2020, a certified carrier advised Investigator Truitt ("Truitt") that an Uber/Lift driver was offering cash rides at the Amtrak Station without using the app. The vehicle was described as a white Toyota Rav 4, with Nevada license number 432 OHT.
2. That on January 30, 2020 at approximately 1512 hours, Truitt along with Investigator Schilling ("Schilling") observed the Respondent's vehicle parked in the Amtrak lot.
3. Truitt contacted the Respondent and asked for the location of the taxi stand. The Respondent answered by offering Truitt a ride to the Peppermill for $15.00. Schilling's cell phone was active and overheard the entire conversation.
4. Truitt identified himself as an investigator with the NTA and verified the Respondent was working off app. The Respondent did not have a valid CPCN.
5. The Respondents vehicle was impounded, and he was issued citation #20999, for a violation of NRS 706.386, operating without a valid CPCN.
6. Schilling testified that he listened to the entire conversation between the Respondent and Truitt. No mention of using an app ever occurred when Respondent offered the cash ride.
7. That the Investigation Report for the citation was marked into evidence (identified as State's Exhibit 1 and incorporated herein by reference).
8. The State argued the Investigative Report, State's Exhibit 1, and the testimony established a clear violation of NRS 706.386.

CONCLUSIONS OF LAW

Based on the testimony of Officers Truitt and Schilling, the Authority concludes that the there was a violation of NRS 706.386 by the Respondent.

DISCUSSION

Authority Staff requested that a $2,500.00 fine be assessed for the violation of NRS 706.386, with $2,100 suspended for one year, provided there are no further violations of NRS 706 or 706A.

The Respondent argued that the fine should only be $100 because he was there just to use the restroom and the officer approached him.

The Hearing Officer, having fully considered the above-mentioned Findings of Fact and Conclusions of Law recommended to the Authority:

1. That a finding of one violation of NRS 706.386 be entered.
2. That the fine recommendations of the Staff be adopted.

ORDER

IT IS THEREFORE ORDERED, based on the foregoing Findings of Fact and Conclusions of Law:

1. That the recommendation of the Hearing Officer with regard to the violation of NRS 706.386 as contained in Citation 20999 are hereby AFFIRMED;
2. That a total fine on Citation 20999 in the amount of Two Thousand Five Hundred Dollars and Zero Cents ($2,500.00) be assessed, with Two Thousand, One Hundred Dollars suspended for one year provided no further violations of NRS 706 or 706A and NAC 706 or 706A and timely payment of the outstanding amount ($400) be imposed;

Citations Issued to Findlay Credit Acceptance LLC dba 9-1-1 Towing for violation of NRS 706.4479, NAC 706.4275, and NAC 706.194.	)	Citation Nos. 21826 & 21915

At a general session of the Nevada Transportation Authority held on September 17, 2020.

PRESENT: Chairman Dawn Gibbons
Commissioner George Assad
Commissioner David Newton
Deputy Commissioner Jennifer De Rose

ORDER

The Nevada Transportation Authority ("Authority") makes the following findings of fact and conclusions of law:

1. On September 16, 2019, the Enforcement Staff of the Nevada Transportation Authority ("Staff") issued Citation No. 21826 to Findlay Credit Acceptance LLC, doing business as 9-1-1 Towing ("Respondent") for violation of Nevada Revised Statutes ("NRS"), section 706.4479, for failure to notify legal owner of lien demand by certified mail, and Nevada Administrative Code ("NAC"), and section 706.4275, for failure to obtain signature within twenty-four hours before removal of vehicle. This was based on a complaint filed by Hertz Auto Rentals.
2. On September 16, 2019, Staff issued Citation No. 21827 to Respondent for violation of NRS 706.398 for failure to comply with the terms and conditions of its certificate of public convenience and necessity ("CPCN").

3. Citation No. 21827 was scheduled to be heard with Citation Nos. 21826 and 21915. During the hearing on Citation Nos. 21826 and 21915, however, the Presiding Officer ordered the hearing on Citation No. 21827 to be continued to a later date, and it is therefore not addressed herein.
4. On November 22, 2019, Staff issued Citation No. 21915 to Respondent for violation of NAC 706.194 for interference with inspection by Staff.
5. Respondent holds CPCN 7330 authorizing on-call consent and non-consent tow car services between points and places within the state of Nevada.
6. On October 21, 2019, the Authority convened a hearing on the citations before Commissioner David Newton, Presiding Officer.
7. Appearance at the hearing was made by Louis V. Csoka, Esq., on behalf of Staff, and by James S. Kent, Esq., on behalf of Respondent and by Sean Enayat, owner of Respondent.
8. On that date, Staff offered the testimony of Misuk Kim and, by telephone, Nicholas White, both in their capacity as employees of Hertz automobile rental agency.
9. Misuk Kim testified that she is employed by Hertz as its vehicle control manager and has held that position for five years. Among her duties, Kim researches and picks up missing Hertz rental cars in the Las Vegas metropolitan area.
10. Kim testified that on June 26, 2019, the renter advised Hertz that one of its rental vehicles in Las Vegas, Nevada, a 2018 GMC Yukon ("vehicle"), had been towed.
11. Kim testified that Hertz often, as in this matter, sends a release to the tow car carrier authorizing the renter to claim the vehicle. In this matter, she testified, the renter never appeared before Respondent to claim the vehicle. She was not aware of Hertz

having sent a release form to Respondent and suggested that it may have come from Hertz's emergency road services division.

12. On July 10, 2019, Kim was instructed by White to retrieve from Respondent the vehicle. Kim testified that she came to understand that the vehicle was towed from a private residential community for a parking violation.
13. Kim contacted Respondent by telephone on that date, but was told by Terri Drake, an employee of Respondent, that Respondent could not access the vehicle on its system and that therefore the renter had the vehicle.
14. On July 12, Kim contacted Respondent again and advised Respondent that renter denied retrieving the vehicle and was advised by Drake this time that she needed to contact Respondent's lien department because the vehicle was not in Respondent's system.
15. Kim was advised by Respondent that the only way to contact the lien department was by electronic mail. Kim promptly delivered an e-mail to the address provided for Respondent inquiring about recovery of the vehicle. She sent Respondent e-mails on July 12th, 30th, and 31st, but none was answered.
16. On July 19, 2019, not having received a response to her first e-mail, Kim contacted Respondent again by telephone but was provided no new information.
17. On July 30, 2019, Kim contacted Respondent again by telephone and was advised that a manager will call back.
18. On July 31, 2019, Kim spoke by telephone with Patrick, a manager at Respondent, who advised that the vehicle in question had been sold at auction. Kim testified this

was the first time anyone at Respondent contacted her in response to her inquiries about the GMC Yukon.

19. Kim testified that Hertz was never given notice of the lien or of the lien sale.
20. Kim estimated the value of the vehicle to be over $60,000.00.
21. Kim testified that, until the end, she assumed there was only miscommunication between her and Respondent, not that the vehicle had been sold at auction. As a result, she was patient in working with Respondent to locate the vehicle.
22. Until advised of the sale, she proceeded on the belief that Respondent's behavior was odd but not necessarily unlawful. She keeps logs of her contacts with tow car operators but does not perform investigations of their conduct.
23. Nicholas White testified that he works for Hertz in asset recovery on impounded vehicles owned and rented by the company. He also attempted to contact Respondent to locate and claim the vehicle but with no success.
24. He testified that on June 28, 2019, the renter contacted Hertz and advised that the vehicle was towed for a parking violation.
25. He testified that he spoke with Drake of Respondent on July 10, 2019, and that she advised him of the amount required to be paid for release of the vehicle.
26. He testified that he referred the vehicle to Hertz's fleet department in Las Vegas to claim the vehicle on July 10, 2019, but that the department was advised by Respondent that the renter had claimed the vehicle.
27. White attempted to pursue the renter for the overdue vehicle but was advised by the renter that she was unable to claim the vehicle from Respondent because she was not

the registered owner. White was not familiar with any release form that had been sent to Respondent.

28. He attempted to contact Respondent again, and spoke with Drake, but she referred only to Respondent's lien department with the e-mail address provided to Kim. Like Kim, he received no response from Respondent to his e-mail inquiries. Drake claimed Patrick, a manager of Respondent, would call but he never did.
29. On July 31, 2019, after another telephone call to Respondent with no progress, White referred this matter to Hertz's legal department for recovery of the vehicle.
30. On the stipulation of the parties, the Presiding Officer ordered the hearing continued to December 2, 2019.
31. On December 2, 2019, the Authority reconvened a hearing on the citations, again before Commissioner Newton, Presiding Officer, with appearances by the same counsel and Mr. Enayat.
32. On that date, Scott Hawkins, Compliance Enforcement Officer for the Authority, testified on behalf of Staff, and Mike Batt, general manager of Respondent, and Mr. Enayat on behalf of Respondent.
33. On that date, Staff offered into evidence its investigative report, designated State's Exhibit 1, and a first and second supplement to its report, designated State's Exhibits 2 and 3, respectively. Respondent offered an electronic mail message dated November 28, 2019, with a record attached concerning the tow of the vehicle that is subject of the citations herein, designated Respondent's Exhibit 1. All exhibits were admitted.

34. Officer Hawkins testified that Hertz filed with the Authority on or about August 9, 2019, a complaint against Respondent, and he was assigned to investigate that complaint.

35. Officer Hawkins investigated the complaint and interviewed Kim and White and others at Hertz and managers of Respondent, including its general manager, Michael Batt, and reviewed Respondent's records pertinent to the citations.

36. Officer Hawkins testified that his investigation showed that Respondent failed to obtain a signature for the tow of the Hertz vehicle within twenty-four hours before the tow. The private property request form for the tow of this vehicle showed a signature date of June 19, 2019, but no tow until June 27, 2019. Officer Hawkins testified that his investigation further showed the Respondent failed to timely notify Hertz by certified mail of the lien demand. As a result, he issued to Respondent Citation No. 21826.

37. Additional investigation on the authenticity of the signature on the private property tow request revealed that the signature was that of Jonas Hernandez, manager of The Residence at Canyon Gate, the location of the tow, but that the signature block was of Tracy Blackwell, a manager at The Residence. State's Exhibit 3, Supplemental Report (2), Attachment C (private property impound release form).

38. Hernandez advised Officer Hawkins that the signature was his but could have been copied onto the document and that the date and time written was not his penmanship. Hernandez advised that he had not to date personally signed a private property tow request in all of 2019. Blackwell advised officer Hawkins that the date and time was not his penmanship.

39. Officer Hawkins testified that in general his investigation confirmed Hertz's recounting of events and that Respondent was uncooperative in returning the vehicle before it was sent to auction. See generally State's Exh. 1 (Complaint Investigation Report, outlining in detail the communications regarding this vehicle).
40. Officer Hawkins testified that Respondent refused to provide the identity of the purchaser of the vehicle at auction. Officer Hawkins testified that Staff was required to resort to legal process through the Presiding Officer to obtain an order compelling production of the information. As a result, Officer Hawkins issued to Respondent Citation No. 21915.
41. Officer Hawkins testified that, even if the tow was valid, Respondent had the vehicle auctioned in violation of law because Respondent failed to provide to Hertz notice of the lien sale in a manner consistent with law.
42. Michael Batt testified on behalf of Respondent. He is general manager of Respondent.
43. Batt testified Respondents' records show the Hertz vehicle in question was first marked for tow on June 16, 2019, but that the parking violation was corrected and no tow performed as a result. Batt testified the vehicle was towed June 28, 2019, for a parking violation at a private residential community. Staff's report shows it was towed on June 27, 2019, at 5:23 a.m. from The Residence at Canyon Gate, 2200 South Fort Apache Road, Las Vegas, Nevada. State's Exhibit 1.
44. Batt admitted that Respondent did not obtain within twenty-four hours of the tow a signed written request from the owner of the private property to tow the vehicle, as required by NAC 706.4275. Batt testified, however, that it received a verbal request

from the private property owner and that the request was timely logged into Omadi, Respondent's electronic system for tracking tows.

45. Batt testified that Hertz had notice of the tow as early as June 28, 2019, the day after the tow because on that date Hertz sent Respondent a form authorizing release of the vehicle to the renter. Staff's Exh. 1, Att. I.

46. Batt denied that Respondent was uncooperative with Hertz in returning the vehicle.

47. Batt explained that it was informed the renter would pay to release the vehicle, and the renter appeared but was unable to afford the payment.

48. Batt testified Hertz then advised on July 8, 2019, that it would send a vendor to retrieve the vehicle on July 10, 2019. That vendor did not arrive until July 12, 2019, however, and was unable to remove that vehicle along with another for Hertz.

49. Batt testified that on July 22, 2019, Respondent delivered to Hertz a letter notifying Hertz of a lien sale of the vehicle. State's Exh. 1, Att. K. This letter was dated July 2, 2019, but was not delivered until July 22, 2019, according to Batt, because of miscommunication with Hertz in the meantime about retrieving the vehicle.

50. Batt admitted that this letter was not delivered by certified mail and testified that Respondent obtained Hertz's mailing address from a database named Auto Data Direct. He testified that his research on the letter shows that it is still in transit and never delivered to Hertz or returned to Respondent.

51. The vehicle was sold at auction on July 29, 2019. Batt testified that he was not certain of the identity of the person who purchased the vehicle at auction. Staff's investigation shows that as of November 4, 2019, the title of the vehicle has not been

transferred and continues to show Hertz as the owner. State's Exh. 2, Supplemental Report (1).

52. Batt testified Hertz did not communicate again with Respondent about the vehicle until July 30 or August 1, 2019. Batt explained that he does not check his electronic mail account for Respondent unless he expects a message.

53. Sean Enayat testified on behalf of Respondent. He is the owner of Respondent. He generally confirmed the testimony of Batt.

54. Enayat testified that Respondent did in fact obtain a signed request from the private property owner to tow the vehicle, although he admitted that the request was not signed within twenty-four hours of the tow as required by NAC 706.4275. State's Exhibit 3, Supplemental Report (2), Attachment C.

55. Enayat complained that Hertz has not had consistent addresses for notice of its towed vehicles and that its address for notice depends upon the vehicle itself.

56. Enayat explained that Respondent delayed sending the notice of lien to Hertz until July 22, 2019, because Hertz first said the renter was going to retrieve the vehicle, then said a vendor would retrieve the vehicle, and then failed to return his call or communicate with Respondent after that. He was uncertain why Hertz would fail to retrieve the GMC Yukon when it knew of the tow by Respondent and had timely retrieved other vehicles towed by Respondent.

57. As a result, Enayat testified, he decided on behalf of Respondent to send the vehicle to auction for sale. Enayat explained that he must be sure to promptly remove unclaimed vehicles from his lot in order to ensure there is space for vehicles as they arrive.

58. Enayat testified that he had Respondent refuse to disclose the identity of the purchaser of the vehicle because he was concerned about potential legal liability for disclosure. He did not specify the nature of the legal liability he had in mind. He testified the vehicle was purchased by someone in Canada he knew indirectly for approximately $6,900.00 plus fees.

59. Enayat testified that, in his view, the tow and auction sale were entirely lawful except for the failure to have the private property owner sign the request for tow within twenty-four hours of the tow, in violation of NAC 706.4275, and for failure to serve the fifteen-day notice of lien demand on Hertz by certified mail, in violation of NRS 706.4479 and NRS 108.272.

60. In rebuttal, Staff contended that there is no evidence to confirm many of the contentions of Batt and Enayat. For example, there is no evidence confirming that the renter appeared at Respondent's office to retrieve the vehicle or that Respondent attempted to communicate with Hertz in response to documented inquiries by Hertz on retrieving the vehicle. Staff admits that Hertz appears to have had knowledge of the tow since at least June 28, 2019, but asserts that informal knowledge does not comply with the applicable legal requirements of notice.

61. The Authority finds that the undisputed evidence shows that Respondent violated NAC 706.4275 by failing to obtain the signature of the owner of The Residence within twenty-four hours of the tow. Because the tow was invalid, the sale of the vehicle at auction was also necessarily invalid.

62. Even if the tow authorization were somehow deemed valid, the Authority finds that the undisputed evidence shows that Respondent violated NRS 706.4479 by failing to

provide written notice by certified mail of its lien demand to Hertz within fifteen days after placing the vehicle in storage.

63. The Authority finds that, overall, the record shows that Respondent was evasive and uncooperative with Hertz in assisting in retrieval of its vehicle.

64. The Authority rejects Respondent's contention that actual notice of the tow as early as June 28, 2019, was sufficient under NAC 706.4275 and NRS 706.4479. Those provisions are very specific in their notice requirements for the purpose of preventing circumstances such as those in these citations—unlawful tows and unlawful lien sales. Respondent's violations and other misconduct herein gave rise to the confusion regarding the tow and storage of the Hertz vehicle and led directly to its unlawful tow and sale at auction.

65. The Authority finds that the record on Citation No. 21826, for violation of NAC 706.4275, supports a fine of $10,000.00

66. The Authority finds that the record on Citation No. 21826, for violation of NRS 706.4479, supports a fine of $5,000.00.

67. Respondent shall return the vehicle to Hertz forthwith in good condition pursuant to NRS 706.4483. If Respondent cannot return the vehicle to Hertz, Respondent must pursuant to NRS 706.4483 reimburse Hertz forthwith for the reasonable value of the vehicle, which the Authority finds the record to support as being $60,000.00.

68. The Authority finds that the identity of the purchaser of the vehicle at auction is relevant for the purpose of evaluating Respondent's actions and intentions that led to the tow and sale of the vehicle at auction and sorting through the various claims and

contentions made by the parties regarding their actions and communications that led to the tow and sale.

69. The fact that this vehicle, valued at over $60,000.00, was sold at auction on July 31, 2019, for approximately $6,900.00 to an acquaintance of the owner Enayat, raises concerns about the credibility of Respondent and its witnesses. Staff's investigation shows that as of November 4, 2019, title on the vehicle had not yet transferred from Hertz.
70. The Authority concludes nonetheless that Respondent in this instance did not violate NAC 706.194 because it asserted through counsel a non-frivolous, though ultimately erroneous, objection that the identity of the purchaser was not relevant to the instant citations. The Authority does not seek to hamper valid advocacy in its proceedings.
71. The Authority orders dismissal of Citation No. 21915.

BASED ON THE FOREGOING, it is ORDERED that:

1. For violation of NAC 706.4275, Respondent Findlay Credit Acceptance, LLC, doing business as 9-1-1 Towing and Impound is FINED $10,000.00;
2. For violation of NRS 706.4479, Respondent is FINED $5,000.00;
3. Respondent shall, within 30 days of the date of this Order, return to Hertz in good condition the 2018 GMC Yukon and, if Respondent is unable to do so, reimburse Hertz $60,000.00 for the loss of the vehicle;
4. Respondent shall provide proof of compliance with the return or reimbursement to the Authority within 30 days of this Order;
5. The amount held in abeyance in Citation 19527 ($400) is hereby ordered due and owing;

6. Citation No. 21915 is DISMISSED; and
7. The Authority retains jurisdiction for correcting any errors that may have occurred in the drafting or issuance of this Order.

BEFORE THE NEVADA TRANSPORTATION AUTHORITY

In re Citation 21845 issued to Tow Guys for violations of NRS 706.4469.	)	Citation 21845

At a general session of the Nevada Transportation Authority held on September 17, 2020.

PRESENT: Chairman Dawn Gibbons
Commissioner George Assad
Commissioner David Newton
Deputy Commissioner Jennifer De Rose

ORDER

On August 20, 2020, a hearing on the above-captioned matter was held before Commissioner David Newton, serving in his capacity as Hearing Officer for the Nevada Transportation Authority ("Authority"). The cited party Tow Guys ("Respondent") was present and represented by Robert Segura, General Manager, via Webex, and elected to proceed without counsel.

After hearing the allegations, the respective arguments, and having considered the evidence introduced by both parties and being fully advised, the Hearing Officer, pursuant to Nevada Revised Statute ("NRS") 706.4469 prepared a proposed decision for review by the Authority.

Based on that proposed decision, the Authority makes the following Findings of Fact and Conclusions of Law, which constitute a final order affirming the decision of the Hearing Officer. Any Finding of Fact that would be better deemed a Conclusion of Law or vice versa shall be so construed. Under NRS 706.151, the Authority has legal jurisdiction and authority over this matter.

FINDINGS OF FACT

The Authority finds that there is substantial evidence in the record delivered by the Hearing Officer, which contains the legal evidence presented at the hearing, to establish each of the facts hereinafter set forth in these Findings of Facts.

1. That on May 14, 2020, Ester Hillner ("Hillner" or "Complainant") was unloading a vehicle in front of her garage located at 3850 Belle Glade Street Ste. 101, Bldg. 25. The vehicle was parked in a red tow away zone. While unloading the vehicle she observed the Respondent's tow truck attempting to tow it away. Hillner immediately contacted the tow truck driver Zohar Garcia ("Garcia" or "Driver"). Hillner tried to negotiate an off-hook tow with the driver after getting the money from her boyfriend, but Garcia refused to release the vehicle.
2. Hillner called Metro and requested they respond to her location. When Metro arrived, they also requested the off-hook fee. Garcia again refused to unhook the vehicle stating it was parked in a red zone. Garcia then transported the vehicle to the tow yard. Hillner subsequently filed a complaint with the NTA for refusing to allow her the off-hook tow fee.
3. After receiving the complaint, NTA Officer Hawkins ("Hawkins") contacted Tow Guys who stated they no longer offer off-hook fees because they cannot comply with Covid social distancing.
4. Hawkins issued Tow Guys Citation 21845 for a violation of NRS 706.4469, a failure to release a motor vehicle connected to a tow car at point of origin of towing.
5. Garcia testified that he was checking the area for illegally parked vehicles when he noticed the Complainant's vehicle parked in a fire lane. He further testified that after he hooked up to the vehicle the Complainant came from the other side of the street and

claimed the vehicle. Garcia further testified that he offered the off-hook tow fee, but Hillner had no money. Hillner then called the police. Garcia waited for the police and explained that the tow was proper because Hillner could not pay the off-hook fee.

6. Robert Segura ("Segura"), General Manager for Tow Guys, testified that he was not present on scene during the time of the tow. After speaking with his driver, he proceeded to answer the complaint.
7. Hillner was recalled on rebuttal and repeatedly stated the off-hook tow fee was never offered to her.
8. The Investigation Report for Citation 21845 was marked into evidence (identified as State's Exhibit 1 and incorporated herein by reference).
9. The State argued that the Investigative Report, State's Exhibit 1, and the testimony established a clear violation of NRS 706.4469.

CONCLUSIONS OF LAW

Based on the testimony of Investigator Hawkins, the Authority concludes that the there was a violation of NRS 706.4469 by the Respondent.

DISCUSSION

Authority Staff requested that a fine be assessed for the violation of NRS 706.4469.

The Hearing Officer, having fully considered the above-mentioned Findings of Fact and Conclusions of Law recommended to the Authority:

1. That a finding of one violation of NRS 706.4469 be entered.
2. That the Respondent refund all tow charges except for the off-hook tow fee of $152.76 pursuant to NRS 706.4483(2).
3. That the recommendations of the Staff be adopted.

ORDER

IT IS THEREFORE ORDERED, based on the foregoing Findings of Fact and Conclusions of Law:

1. That the recommendation of the Hearing Officer with regard to the violation of NRS 706.4469 as contained in Citation 21845 is hereby AFFIRMED.
2. That the Respondent is ordered to refund all monies collected by Tow Guys from the Complainant except for the off-hook tow fee of $152.76 pursuant to NRS 706.4483(2).

ORDER

On August 12, 2020, a hearing on the above-captioned matter was held before Commissioner David Newton, serving in his capacity as Hearing Officer for the Nevada Transportation Authority ("Authority"). The Respondent, AA Buffalo One Towing, was present through their Owner, Paul Sprada. Mr. Sprada elected to proceed without legal counsel.

After hearing the allegations, the respective arguments, and having considered the evidence introduced by both parties and being fully advised, the Hearing Officer, pursuant to Nevada Administrative Code ("NAC") 706.4015, prepared a proposed decision for review by the Authority. BEFORE THE NEVADA TRANSPORTATION AUTHORITY

In re Citation 22091 issued to Mack Miller for violations of NRS 706.386 and NRS 706.758.	)	Citation 22091

At a general session of the Nevada Transportation Authority held on September 17, 2020.

PRESENT: Chairman Dawn Gibbons
Commissioner George Assad
Commissioner David Newton
Deputy Commissioner Jennifer De Rose

ORDER

On August 17, 2020, a hearing on the above-captioned matters was held before Commissioner David Newton, serving in his capacity as Hearing Officer for the Nevada Transportation Authority ("Authority"). The cited party Mack Miller ("Respondent") was present via Webex and elected to proceed without counsel.

After hearing the allegations, the respective arguments, and having considered the evidence introduced by both parties and being fully advised, the Hearing Officer, pursuant to Nevada Revised Statute ("NRS") 706.386, and NRS 706.758 prepared a proposed decision for review by the Authority.

Based on that proposed decision, the Authority makes the following Findings of Fact and Conclusions of Law, which constitute a final order affirming the decision of the Hearing Officer. Any Finding of Fact that would be better deemed a Conclusion of Law or vice versa shall be so construed. Under NRS 706.151, the Authority has legal jurisdiction and authority over this matter.

FINDINGS OF FACT

The Authority finds that there is substantial evidence in the record delivered by the Hearing Officer, which contains the legal evidence presented at the hearing, to establish each of the facts hereinafter set forth in these Findings of Facts.

1. That on February 4, 2020, Investigator Yambor ("Yambor") became aware of the Respondent while conducting an online Craigslist search for illegal transportation. The ad stated Limo Service Donation at an hourly rate of $75.00. The phone number to call or text is 702-406-6529.
2. Yambor texted the number and requested a ride from the Luxor Hotel to the Downtown area. He received a return text message stating, $100 for the ride with $50 upfront and $50 upon arrival.
3. Investigators Yambor and Adam Teti "(Teti") went to the Luxor and waited for the ride. At about 9:30 p.m. Yambor received a phone call from Miller and Associates Consulting. The caller stated they were to meet in the valet area and he was a driving a black Lincoln with a sticker stating, "Private Not For Hire."
4. Yambor made contacted with the Respondent and confirmed the ride was $50.00. The Respondent agreed and handed Yambor his business card.
5. Both investigators identified themselves as NTA officers and told the Respondent which illegal conduct had occurred. The Respondent's drivers license was suspended and he was not able to provide a valid CPCN.
6. The Respondent's vehicle was impounded, and he was issued citation #22091, for a violation of NRS 706.386, operating without a valid CPCN and NRS 706.758 unlawful advertisement.

7. The Respondent testified that he received a call from his brother who stated his friend needed a ride. That the phone number in question belonged to his brother. That the photographs in the Craigslist ad were not of his car. The Respondent further testified that he did not place the ad on Craigslist, and knew a license was required to provide hired transportation. That Yambor asked him, "Do you mind if I give you $50.00 for the ride."
8. On cross examination the Respondent stated his brother Dossie Banks placed the ad on Craigslist. That he has never placed an ad for transportation services. That there is no evidence that links him to the phone number or creating a Craigslist ad.
9. That the Investigation Report for the citation was marked into evidence (identified as State's Exhibit 1 and incorporated herein by reference).
10. The State argued the Investigative Report, State's Exhibit 1, and the testimony established a clear violation of NRS 706.386 and NRS 706.758.

CONCLUSIONS OF LAW

Based on the testimony of Officers Yambor and Teti, the Authority concludes that there was violations of NRS 706.386 and NRS 706.758 by the Respondent.

DISCUSSION

Authority Staff requested that a $3,500.00 fine be assessed for the violation of NRS 706.386, with $3,000 suspended for two years, provided there are no further violations.

Authority Staff requested that a $1,000.00 fine be assessed for the violation of NRS 706.758, with $1,000 suspended for two years, provided there are no further violations.

The Hearing Officer, having fully considered the above-mentioned Findings of Fact and Conclusions of Law recommended to the Authority:

1. That a finding of one violation of NRS 706.386 be entered.
2. That a finding of one violation of NRS 706.758 be entered.

3. That the fine recommendations of the Staff be adopted.

ORDER

IT IS THEREFORE ORDERED, based on the foregoing Findings of Fact and Conclusions of Law:

RE: Docket #18-11005-Slick and Quick LLC

18-11005

Dear Ms. Babcock,

This correspondence is a formal petition to request another extension of time. Because of unforeseen events cause by COVID-19 and having a Government shut down and having to stay home our buying process has been greatly delayed. We need the extension to get the location & business started. We have taken a tremendous financial hit, along with everyone else that own a small business. Unfortunately, that includes the person we are purchasing the property from. He has asked me for more time as well because of financial problems. So, we cannot complete the purchase or move into the property because that has been delayed as well.

The pain and uncertainty of the impact of the coronavirus on me as a small business owner is staggering and likely to be substantial. Entrepreneurs like myself are being forces to take drastic steps to continue operating and many like myself are fearful about their future. I have personally taken a lot of time and effort with the whole application process and do not want to lose the opportunity of starting my own Tow and Repo business. I would hope that I will not be penalized for something that is out of my control, like the recent pandemic.

Additionally, the financial institute that was funding my tow lot is also requesting further financial information and want to reevaluate the loan due to the economic hardship we are currently facing. Please keep in mind that your decision will have a great impact for myself and my family.

Your consideration and cooperation in this matter will be greatly appreciated. Stay healthy and safe and I hope to receive a favorable reply from you soon.

Respectfully,

Selina Palmer

20-07016 Petition for Reconsideration (PFR) Debt Summary Review

20-07016 Petition for Reconsideration from Alemayehu Tegegn regarding Citation 19614.

Summary:

- Citation 19614 was issued to Alemayehu Kassa Tegegn 09/09/2017 by Investigator Case for violations of NRS706.386. Citation 19615 was issued to Alemayehu Kassa Tegegn 09/09/2017 by Investigator Case for violations of NRSNAC706A.280. The hearing date on both citations indicated 09/20/2017 at 01:30PM.
- Alemayehu Kassa Tegegn was fined $2,500 with $2,150 suspended pursuant to the conditions set forth in the Order of the Authority approved at the 10/04/2017 General Session Meeting. There was no fine or disqualification imposed for Citation 19615. The order and corresponding debt letter were sent on 10/13/2017.
- On 10/23/2017, Alemayehu Kassa Tegegn entered into a payment arrangement to satisfy his debt. The terms of the payment arrangement approved a $50 initial payment on or before 11/02/2017 with for (4) remaining payments of $60 due on or before the 2nd of each month until paid in full.
- On 11/01/2017 we received a payment from Alemayehu Kassa Tegegn in the amount of $50.
- On 01/02/2018 we attempted to reach Alemayehu Kassa Tegegn via telephone but the number we called (213-209-4714) had an out of service message.
- Alemayehu Kassa Tegegn failed to pay per the payment arrangement with the NTA. The account was processed for debt collection action which resulted in the DMV Driver's License suspended on 02/14/2018, the abeyance amount of $2,150 triggered due, and Citation account submission to the State Controller's Office Debt Collection Unit (SCO) for collection action on 02/28/2018.
- On 07/06/2020 Management Analyst 2 Hope DiBartolomeo received a telephone inquiry from Alemayehu Kassa Tegegn regarding the DMV Suspension and outstanding debt. Alemayehu Kassa Tegegn was provided information regarding the PFR process and SCO contact information for payment plan options.
- On 07/07/2020 the SCO informed Management Analyst staff they have confirmed a payment arrangement of $50 per month and that an initial payment had been received. The DMV Suspension release was also processed.
- On 07/21/2020 PFR 20-07016 was filed and the PFR Docket is to be set on the next available GSM (Anticipated to be on the September 2020 General Session Meeting).
- The above Management Analyst Review was completed 08/05/2020 by Hope DiBartolomeo

As the debt for Citation 19614 resides currently with State Controller's Office Debt Collection Unit, updated summary information will be provided by Management Analyst staff for consideration during the scheduled GSM.

NOTE: Any decision to pull the debt back from the State Controller's Office (SCO) will result in the NTA being liable for associated fees for accounts in principal amount of $300 or less. Once a payment plan has been established with SCO, the respondent debtor will be liable for fees (and interests where applicable) associated with the original principal balance associated.

BEFORE THE NEVADA TRANSPORTATION AUTHORITY

In re the impoundment pursuant to NRS 706.476 of a vehicle registered to and Citations 19614 and 19615 issued to Alemayehu Tegegn for violations of NRS 706.386 and NRS 706A.280.	)))))	Impound 3137 and Citations 19614 and 19615

At a general session of the Nevada Transportation Authority held on October 4, 2017.

PRESENT: Chairman Alaina Burtenshaw
Commissioner George Assad
Commissioner Dawn Gibbons
Deputy Commissioner Jennifer De Rose

ORDER

On September 12, 2017, a hearing on the above-captioned matters was held before Chairman Alaina Burtenshaw serving in her capacity as Hearing Officer for the Nevada Transportation Authority ("Authority"). The Respondent to Citations 19614 and 19615 and registered owner of the impounded vehicle, Alemayehu Tegegn, was present and elected to proceed without counsel.

After hearing the allegations, the respective arguments, and having considered the evidence introduced by both parties and being fully advised, the Hearing Officer, pursuant to Nevada Administrative Code ("NAC") 706.4015, prepared a proposed decision for review by the Authority. Based on that proposed decision, the Authority enters the following final order affirming the decision of the Hearing Officer. Under Nevada Revised Statutes ("NRS") 706.151, the Authority has legal jurisdiction and authority over this matter.

At hearing, the parties knowingly and voluntarily stipulated and agreed as follows:

1. To the admission of Citations 19614 and 19615, the Investigation Report for the Citations and related impound into evidence (identified as State's Exhibit 1 and incorporated herein by reference) and that the facts as set forth therein were true and accurate;
2. That Alemayehu Tegegn is the registered owner of the impounded vehicle in this matter and was present at the hearing regarding said vehicle;
3. That the use of the vehicle in intrastate commerce without a certificate of public convenience and necessity ("CPCN") violated NRS 706.476 (2)(b)(2) and NRS 706.2(b)3 in that:
    a. No CPCN had been issued authorizing the use of the impounded vehicle in intrastate commerce for passenger transportation; and
    b. The impounded vehicle did not meet the required standards of the Authority;
4. That no CPCN had been issued by the Authority authorizing the operations undertaken by the Respondent in this matter;
5. That the Respondent's actions constituted one violation of NRS 706.386 and one violation of NRS 706A.280 as alleged and that the impoundment of the vehicle pursuant to NRS 706.476 was proper;
6. To waive the requirement that the Authority's final order contain formal Findings of Fact and Conclusions of Law as required under NRS 233B.125 (waiver entered as Exhibit 2).
7. That a fine in the amount of $150.00 be assessed for the impoundment of the vehicle in this matter;
8. That a fine be assessed in the amount of $2,500.00 for the NRS 706.386 violation with $2,150.00 of said fine amount suspended pending no further violations of NRS 706 or NAC 706 within one year and timely payment of the fine amount; and
9. That no fine or disqualification be imposed for the NRS 706A.280 violation.

DISCUSSION

The Hearing Officer recommended to the Authority:

1. That the stipulations and agreements of the parties as set forth hereinabove be accepted;
2. That the impoundment of the vehicle be deemed proper under NRS 706.476;
3. That with respect to Citation 19614, findings enter against the Respondent for one violation of NRS 706.386, relating to operating as a fully regulated carrier without authority; and
4. That with respect to Citation 19615, findings enter against the Respondent for one violation of NRS 706A.280, relating to solicitation of a passenger for off-app transportation.

ORDER

IT IS THEREFORE ORDERED, based on the foregoing:

1. That the recommendation of the Hearing Officer with regard to the impoundment of the vehicle pursuant to NRS 706.476 is hereby AFFIRMED;
2. That the recommendation of the Hearing Officer for Administrative Citations and Verified Complaint 19614 and 19615, issued to Alemayehu Tegegn for violations of NRS 706.386 and NRS 706A.280, is hereby AFFIRMED;
3. That a fine in the amount of One Hundred Fifty Dollars and Zero Cents ($150.00) be assessed for the impoundment of the vehicle in this matter;
4. That the *total* fine for Citation 19614 shall be in the amount of Two Thousand Five Hundred Dollars and Zero Cents ($2,500.00), with Two Thousand One Hundred Fifty Dollars and Zero Cents ($2,150.00) of said fine amount to be suspended pending no further NRS 706 or NAC 706 violations within one year and timely payment of the fine amount;

Reason for request: I was given this citation just because I was caught to assist an elderly people whom I mistakenly thought they had needed assistant to use the new application to get transportation services. During that time of the day, downtown Vegas was busy, and we did have customer all over. I served them because I grew up in Africa where elders are respected and get assistant from younger people. When I was in that court, the judge did explain it to me why I shouldn't do what I had done. It was clear and to the point. I learn a lesson that day, a big one that changes me big time. And even after that, I learn a lot of cultural different problems arising around me and my community. I will never ever do that again.

I was struggling to make the payment when I was in Las Vegas. I must support my parents and my four kids. Besides, NTA has no other ways of making a payment other than serving you in their office. It has been more than three years since I moved out of Vegas. Even if it's very tough time right now, I'm still willing to pay what I owe NTA with a little payment adjustment if possible. Please reconsider my petition. I'm a good citizen. I learn the the lesson. I'm changed for good. Thank you

ORDER

Based on the evidence of record, the Nevada Transportation Authority ("Authority") makes the following findings:

1. That an Application was filed with the Authority by Mesquite Towing Company, LLC d/b/a Mesquite Towing Company, a carrier certificated to provide consent and non-consent tow car service within the State of Nevada as described in Certificate of Public Convenience and Necessity ("CPCN") 7233, for authority to modify tariff rates pursuant to NAC 706.1384.
2. That the Application was properly noticed to the public and there were no Petitions for Leave to Intervene or Protests filed.
3. That the Applicant seeks to add new rates and increase existing tow rates as outlined in the attachment.

   (Note: Category C Rates with an unladen weight of 15,000 lbs. or less will be indicated as "Light" and with an unladen weight of more than 15,000 lbs. will be indicated as "Heavy")
4. That the carrier has not requested a tariff modification since October 2017.
5. That the proposed tariff rates are higher than the range of rates currently charged for similar services in Southern Nevada rural areas, except for day and night replacement tow rates. Staff presented a briefing

at the General Session that outlined their reasonings to approve only a 5-10% increase.

6. That based upon all the records relating to the Application and after investigation:

   a. The Application on file herein comes within the purview of the statutes of the State of Nevada and within the regulatory jurisdiction of the Authority.

   b. The proposed tariff modification will be consistent with the public interest and will not operate to defeat the legislative policy set forth in NRS 706.151.

Application Summary:

The Applicant is located in Mesquite, Nevada and is proposing rates higher than the approved rates in its area, which staff classifies as Southern Nevada-Rural. Per policy staff compares proposed rates to only those approved in similar areas because the costs of living and conducting business are comparable. The Applicant disagreed and suggested their similar are carriers domiciled in Las Vegas, Reno, and Lake Tahoe.

In October 2017, the Applicant filed its last tariff modification, which consisted of adding 22 rates and increasing existing rates by an average of 52%. Now. The Applicant is requesting to add 3 rates and increase existing rates by an average of 43%.

The Applicant's rates (past, current, and proposed) and high-end approved rates for its area are summarized in the Order's attachment so the proposed increase over 3 years can be analyzed.

Financials:

The Applicant's tax returns for 12/31/17 and 12/31/18 reported a nominal decrease in net income: revenues and net income of $195,874/$19,037 (9.7% of income) and $211,542/$16,408 (7.8% of income), respectively. On August 7, 2020, staff requested the 2019 tax returns which, to date, have not been submitted.

Staff's Conclusion:

Staff opines a rate increase be granted, between 5% to 10%, on the Applicant's ***approved*** rates (column A in the attachment). This increase seems just and reasonable since a nominal decrease in net income between 2017 and 2018 was reported.

Application for Household Goods Mover Authority
Docket 19-10045
April 9, 2020 General Session

Application Summary:
Docket 19-10045, Sin City BJ LLC, d/b/a Zippy Shell of Las Vegas ("Applicant") was approved at the January 31, 2020 general session to transport household goods and to operate four (4) vehicles within Clark County on the one hand and the State of Nevada on the other. They are currently within the 120 day compliance period.

On March 12, 2019, the Applicants filed an amendment to their application to add a second fictitious name "Zippy Shell". This was requested since they could not fit "Zippy Shell of Las Vegas" on their truck door. They have also decided to use the two names interchangeably.

Staff is in support of the amendment.

Simultaneously, the Applicants requested interim approval to add the second fictitious name. The request was granted by Commissioner David Newton.

This is on the agenda for final approval. An amended compliance order will be issued if the request is granted final approval.

In re: The Application of Safeco Parking & Transportation Services, LLC for approval for an expansion of operating authority granted under Contract Carrier Permit MV 6155.	)))))	Docket 19-11013

At a general session of the Nevada Transportation Authority held on September 17, 2020.

PRESENT: Chairman Dawn Gibbons
Commissioner George Assad
Commissioner David Newton
Deputy Commissioner Jennifer De Rose

COMPLIANCE ORDER

The Nevada Transportation Authority of Nevada ("Authority") makes the following findings of fact and conclusions of law:

1. That on November 12, 2019, Safeco Parking & Transportation Services, LLC, ("SAFECO") filed an Application with the Authority for an expansion of authority granted under Contract Carrier Permit MV 6155 ("Permit"). The Applicant seeks approval to add a contract with Bluegreen Club 36 Owners Association and to operate under a total of two (2) contracts. Said Application was designated as Docket 19-11013.
2. That simultaneously the Applicant filed a Petition for Interim Authority.
3. That the Application was properly noticed to the public and no Petitions for Leave to Intervene or Protests were filed.
4. That the Applicant is a carrier in good standing.
5. That Safeco seeks to add a second contract to provide shuttle services between the Bluegreen Club 36 located at 372 East Tropicana Avenue and Planet Hollywood Hotel & Casino on Las Vegas Blvd.

6. That the background investigation was completed with no material areas of concern.

7. That on December 6, 2019, Chairman Dawn Gibbons, serving in her capacity as Hearing Officer for the Authority, granted the request for interim authority subject to the completion of standard compliance requirements.

8. That Chairman Dawn Gibbons granted Staff's request that the hearing on the Application be dispensed, pursuant to NRS 706.431 paragraph 3.

9. Based on all the records pertaining to the Application, and pursuant to NRS 706.431:

    a. The Application on file herein comes within the purview of the statutes of the State of Nevada and within the regulatory jurisdiction of the Authority.

    b. The Applicant is fit, willing, and able to perform the transportation service for which applied.

    c. Granting the Application on file herein would be in the public interest, will tend to foster sound economic conditions in the industry, and will not unreasonably or adversely affect other carriers operating in the territory served under the Permit.

Therefore, based upon the foregoing findings, it is ORDERED that:

1. The application on file herein shall be GRANTED for the transportation services specified below:

    Provide passenger transportation service pursuant to contracts with Desert Blue Vacation Owners Association, Inc., and Bluegreen Club 36 Owners Association.

    If either party cancels the above contract(s), or if the contract(s) are revised in any way, the carrier must notify the Authority immediately of such cancellation or modification.

2. Upon full compliance with the conditions of this Compliance Order, a Certificate identified as **Permit MV 6155, Sub 1,** shall be CANCELLED and a new Permit, designated as **Permit MV 6155, Sub 2,** shall be issued to Safeco Parking & Transportation Services, LLC authorizing operation as a Contract Carrier, more

Safeco Parking & Transportation Services, LLC
Docket 19-11013
Expansion of Authority
September 17, 2020 General Session

Carrier History:
On September 18, 2017, Permit MV 6155 was issued to Safeco Parking & Transportation Services, LLC with authority to provide passenger transportation services pursuant to a contract with Desert Blue Vacation Owners Association, Inc.

Application Summary:
Safeco Parking & Transportation Services, LLC ("Safeco") filed an Application on November 12, 2019 for an expansion of authority granted under Contract Carrier Permit MV 6155. The carrier seeks to add a contract with Bluegreen Club 36 Owners Association. Said Application designated as Docket 19-11013.

The applicant concurrently filed an application seeking Interim Operating Authority of expanded contract services.

The Application and the petition for Interim Authority were properly noticed to the public and there were no Petitions for Leave to Intervene ("PLTI") or protests filed.

On December 6, 2019, Chairwoman Dawn Gibbons, serving in her capacity as the Hearing Officer in this matter, granted the request for Interim Authority subject to the completion of standard compliance items.

On December 31, 2019, Permit MV 6155 was cancelled and a new Permit, designated as Permit MV 6155, Sub 1, **(Attachment A.)** was issued to Safeco Parking & Transportation Services, LLC with the following authority:

> Provide passenger transportation service pursuant to a contract with Desert Blue Vacation Owners Association, Inc. and provide **INTERIM TEMPORARY** passenger transportation service pursuant to a contract with Bluegreen Club 36 homeowners Association.
>
> If Either party cancels either of the above contracts of if the contracts are revised in any way, the carrier must notify the Authority immediately of such cancellations or modifications.
>
> INTERIM TEMPORARY AUTHORITY IN EFFECT during the time period of the pendency of the application in Docket 19-11013 or until the Authority orders otherwise, *whichever comes first.*

Staff Discussion:
This Application was filed to add a contract with Bluegreen Club 36 Owners Association. Additionally, the fleet for contract carriers is not restricted to a set number or type of vehicles. They may operate their fleet as required to service their contract(s) pursuant to NAC 706.274 as long as they have at least one dedicated vehicle per contract.

Summary:
Staff supports this expansion application operationally and financially and respectfully requests that the Application Hearing be dispensed per NRS 706.431(3) for the reasons stated below:

1) Staff performed a background investigation with no concerns noted, (**Attachment B**).

2) Market – Staff performed a review of the Applicant's proposed contract, (**Attachment C**), and found that it meets the requirements pursuant to NAC 706.276.

3) Pro-Forma Balance Sheet ("PFBS") and Capital Infusion – The PFBS submitted was the Safeco Parking & Transportation Services, LLC 2018 annual report. The PFBS was later amended to the 2019 annual report. Staff audited the 2019 annual report and found a few discrepancies. Staff worked diligently with the Safeco accounting team and after adjustment for overstated cash and understated fixed assets, the restated PFBS shows 45.2% equity and a current ratio of 1.6 to 1. No capital infusion will be required. (**Attachment D**).

4) Pro-Forma Income Statement ("PFIS") - The PFIS covers a twelve month period and proposes revenue consistent with the rates and charges included in the proposed contract. The projected net income of $80,995 on $536,429 of total sales results in a profit margin of 15 % on total income. The projected revenues and expenses, (**Attachment E**), appear reasonable and in line with the 2019 annual report.

AGREEMENT

This agreement (this "Agreement") is entered into as of the 21st day of November, 2019, by and between Safeco Parking & Transportation Services, LLC, a Nevada limited liability company ("Contractor") and Bluegreen Club 36 Association, Inc. ("Association") (Contractor and Association are sometimes individually referred to herein as "Party" or collectively as the "Parties").

Whereas, Contractor is in the business of providing Shuttle Bus transportation services; and

Whereas, Association desires to utilize Contractor's transportation services and Contractor desires to provide its transportation services to Association at the resort commonly known as Bluegreen Club 36 (the "Resort") for the benefit of the Resort's guests ("Guests") upon the terms and subject to the conditions set forth herein.

Therefore, in consideration of the mutual promises set forth below, the Parties hereby agree as follows:

1. Scope.
   During the Term (as hereinafter defined), Contractor shall provide shuttle bus transportation services (the "Transportation Services") for Guests to and from the Resort to a designated destination by the Resort at Planet Hollywood Resort twice an hour. Contractor will provide one (1) 24 passenger ADA compliant shuttle bus and at least one (1) driver to the Resort. Driver(s) staffing levels will be adjusted appropriately, as needed, to ensure Contractor provides optimum service to the Guests. Contractor shall not provide Transportation Services to anyone other than Guests. Operation of the Transportation Service shall be from 10 a.m. until 12 a.m. daily with a 1-hour break ("lunch break") from 12 p.m. to 1 p.m. and a 1-hour break from 7 p.m. to 8 p.m., seven (7) days a week. Total operation of 12 hours per day. Compensation will be paid to the Contractor on the terms and conditions set forth herein. Compensation will not be paid for hours during which the shuttle service is not operating, i.e. break times. Contractor shall not charge any Guests for the Transportation Services.

2. Manager.
   Contractor shall assign an off-site manager to the Resort ("Contractor Manager") to oversee the Transportation Services at the Resort. The Contractor Manager will be in charge of all Contractor's other employees providing Services at the Resort and in the Contractor Manager's absence, Contactor shall designate another manager to oversee its employees providing Services at the Resort. Contractor shall make someone available for the Resort to contact at all times in the event of an emergency. Such person must respond to the Resort promptly, but in no event shall such response take longer than one (1) hour.

C-1

3. Personnel.

(a) All personnel Contractor utilizes to provide the Transportation Services at the Resort shall be considered employees of Contractor and under the exclusive direction and control of Contractor. Contractor shall provide its personnel uniforms that have been pre-approved in writing by the Association. Contractor agrees to hire all existing full-time driver(s) for Association with a starting hourly pay of $14.13, subject to the driver(s) applying for the position and meeting Contractor's qualifications, including approval by the Nevada Transportation Authority, if required. Driver(s) will not be compensated for hours the shuttle bus driver(s) are not actually driving, such as during break times specified in Paragraph 1, "Scope."

(b) All employees of Contractor, when on the Resort premises, shall conduct themselves in a manner consistent with the standards, quality and image of the Resort. Association may for legitimate reasons require Contractor to remove from providing services at the Resort such employees of Contractor as the Association reasonably deems incompetent, careless or otherwise objectionable, or whose continued employment is contrary to the Association's best interest provided, however, that no such request for removal violates or has the potential to violate any applicable federal, state or local law, rule, regulation or court decision.

(c) For each employee, Contractor agrees that it will:

(i) verify social security number;

(ii) check motor vehicle record;

(iii) check criminal background; and,

(iv) perform drug screening in compliance with state, local and federal law.

4. Compliance with Laws.

Contractor shall comply with all federal, state and local laws, specifically including, but not limited to employment laws, rules, regulations, ordinances relative to such employees without limitation wage and hour, worker's compensation, immigration, equal employment opportunity and occupational health and safety (OSHA). Additionally, Contractor will specifically comply with the laws and regulations of the Nevada Transportation Authority. Contractor shall at its sole costs and expense procure each permit, license and approval that may be required for the provisions of the Transportation Services to Association.

C-2

5. Term.
The Transportation Services shall commence on January 1, 2020 ("Commencement Date"), and unless terminated as provided herein, shall remain in effect for a period of twelve (12) months from the Commencement Date (the "Term"). Thereafter, this Agreement shall be renewed for successive terms with written notice at least thirty (30) days prior to expiration of the contract (also referred to hereafter, as a "Term"). It is understood and acknowledged by the Parties that Contractor may not commence the Transportation Services until Contractor receives authorization from the Nevada Transportation Authority and deliver to Association written evidence of said authorization. Contractor intends to have said authorization by or before December 31, 2019 and shall have obtained said authorization no later than February 28, 2020.

6. Termination.
This Agreement may be terminated by the Association for cause upon the occurrence of one or more of the following events, as follows: (a) if Contractor is adjudged insolvent or declares or is forced into bankruptcy; or (b) if Contractor breaches any material provision or obligation under this Agreement and fails to cure such breach within five (5) days following the receipt of written notice thereof by the Association. Either Party may terminate this Agreement for convenience by providing the other Party not less than sixty (60) days prior written notice.

7. Compensation.
In exchange for the Transportation Services, including fuel costs for the vehicle, the Association shall pay Contractor fifty-five dollars and seventy-five cents ($55.75) per hour. The Parties agree, however, that Association must consent in writing to Contractor scheduling additional hours of Transportation Services at any given time period. Transportation Services shall only be provided during hours previously agreed in writing by the Association.

8. Confidentiality.
Each Party shall not disclose any "confidential information" meaning all information acquired by either Party that is in any way related to the business and affairs of the other Party, its employees, agents, suppliers, associations, guests, officers, directors, competitors, shareholders, members or cardholders, regardless of whether same is specifically marked or designated as "Confidential" or "Proprietary" together with any and all notes, memoranda, analysis, complications, studies or other documents prepared by either Party, including but not limited to, any information which shall be treated as confidential, or information which has value to the disclosing Party, as well as, trade secrets, technical data, formulas, patterns, complications, programs, software, source codes, use codes, vacation club structure and/or member devices, methods, techniques, drawings, processes, financial data, financial plans or financial information, product plans, list of actual or potential strategies, marketing approaches, sales techniques, trade secrets, finances, business affairs and circumstances of Association or Contractor. Confidential information shall not include

information that shall enter the public domain by lawful means, or information which is required to be disclosed by a court of competent jurisdiction.

9. Indemnification.

Contractor shall defend, indemnify, and hold harmless Association, its management firm and each of their respective subsidiaries, parents, affiliated entities, officers, agents, employees, and representatives (collectively, the "Indemnitees") from and against any and all claims, lawsuits, losses damages, liabilities, causes of action, counterclaims, debts, dues, reckonings, covenants, contracts, controversies, judgments, demands or expenses whatsoever, including without limitation, attorney fees and costs (collectively, the "Claims") that may be sustained by or recovered against and of the Indemnitees by reason of (i) any negligent, grossly negligent, careless, intentional malicious, wanton or willful act or omission of Contractor or its employees or agents, whether or not in connection with Contractor's performance under this Agreement and/or (ii) any other claims arising from or related to this Agreement or the Transportation Services provided by Contractor hereunder. Contractor understands and agrees that its obligation to defend, indemnify, and hold harmless the Indemnitees as stated herein shall apply and become operative immediately upon any of the Indemnitees providing notice to Contractor of the Claims asserted against any of the Indemnitees by reason of item (i) and (ii) above, regardless of whether any investigation by Contractor or its agents indicates that the allegations related to the Claims lack merit. Contractor further understands and agrees that its agreement to indemnify the Indemnitees as stated herein was a material inducement for Association to enter into this Agreement, and but for Contractor's agreement to indemnify the Indemnitees, as stated herein, Association would not have entered into this Agreement.

10. Insurance.

Contractor agrees to acquire and maintain the following insurance policies in the amounts listed below and in compliance with the additional policy requirements listed below:

(a) Workers Compensation. Statutory Workers Compensation Insurance, as required by law in the state in which Contractor is registered, including Employer's Liability coverage with limits of not less than Five Hundred Thousand Dollars ($500,000.00) per occurrence.

(b) Liability Insurance. Commercial General Liability Insurance with limits of not less than One Million Dollars ($1,000,000.00) per occurrence and Two Million Dollars ($2,000,000.00) aggregate. Such policy shall provide coverage for bodily injury, property damage, premises operations, death, false imprisonment, malicious prosecution, defamation of character, libel and slander.

(c) Automobile Insurance. Automobile Liability Insurance with a combined single limit of not less than Five Million Thousand Dollars ($5,000,000.00) for losses resulting from Contractor's use of vehicles owned or leased by Contractor. Contractor shall provide personnel who possess a valid driver's license, and a copy of such license will be provided to Association upon request.

(d) Garage Liability. Garage Liability Insurance with limits of Five Million Dollars ($5,000,000.00) and garage keepers' liability insurance with vehicle limits of One Hundred Thousand Dollars ($100,000.00) and lot limits of Two Hundred Thousand Dollars ($200,000.00).

(e) Additional Insurance Policy Requirements. All insurance policies required by this Agreement (except for workers compensation policy) shall name Association and Association's management firm (including all of its parent companies, subsidiaries and affiliates, and each of their officers, directors and employees) as additional insureds ("Additional Insureds") and the insurance afforded to the Additional Insureds shall be primary for all purposes. All policies shall be endorsed with a statement that the coverage may not be cancelled, altered or permitted to lapse or expire without thirty (30) days advance written notice to the Additional Insureds. Any insurance carried by the Additional Insureds shall be in excess of the above-referenced primary insurance coverage and non-contributory to such coverage. If an umbrella policy is used to satisfy any required coverage, such policy shall be at least "Follow-Form" and shall not limit the coverage of any other policies used to provide coverage. All policies shall provide that the insurer waives any right of subrogation against the Additional Insureds. By requiring insurance in this Agreement, Association does not represent that coverage and limits will be necessarily adequate to protect the Additional Insureds and such limits shall not be deemed as a limitation of Contractor's liability under this Agreement. The policies of insurance required by this Agreement shall also contain an endorsement amending the "Other Insurance" clause as follows: "The insurance afforded to Additional Insureds under this policy is primary insurance and that insurer will not seek contribution from other insurance available to the Additional Insureds." The insurance policies required by this Agreement shall provide defense expense in addition to the limit of liability stated in the policy. Contractor shall provide copies of all certificates of insurance to Association within fifteen (15) days of the effective date of this Agreement. Further, the certificates of insurance shall specifically reference this Agreement, and shall provide for copies of any renewal certificates to automatically sent to Association. Contractor shall have the right to insure and maintain the insurance required by this Agreement under blanket insurance coverages provided that the blanket insurance policies offer coverage amounts no less than those heretofore stated. Failure of Association to demand the certificates and/or other evidence of full compliance with the above insurance requirements, or failure of Association to identify a deficiency from evidence provided shall not be construed as a waiver of Contractor's obligation to maintain such insurance and comply with such requirements.

11. Disclaimer of Liability.

In no event shall Association or their respective affiliates, agents, officers, directors, members, or managers be liable to Contractor or its affiliates, agents, officers, Associations, employees, agents, or any third party for any direct or actual losses or any other damages, lost profits, lost data, consequential, special, incidental, punitive damages, delays, interruptions, arising out or related to

If any term, provision or condition of this Agreement is rendered invalid, void or unenforceable, the rest of this Agreement shall remain in full force and effect.

1. Background investigation was performed with no areas of concern **(Attachment A).**

2. Market – The applicant currently owns and operates Swift Garage Doors LLC, starting the business in 2016. The applicant will be using the marketing expertise and contacts created during the last four years as a starting point for Frontier Movers. Staff recognizes that documentary evidence is difficult to compile since moving is not a highly repetitive activity compared to market for transporting passengers Staff does not require household goods movers to provide market **(Attachment B).**

3. The Pro Forma Balance Sheet lists three (3) vehicles; a 24.55% equity ratio; a 1.82 to 1 current ratio. A Cash infusion of $20,500 is sufficient for their 90 day cash requirement. The Applicant meets the Authority's financial requirements **(Attachment C).**

4. The Pro Forma Income Statement projects net income of $117,452 on $305,000 of revenues for the first twelve (12) months of operations. Staff's analysis did not disclose any material errors or omissions that would materially affect net income and make the proposed operations not compensable **(Attachment D).**

5. Capital Infusion – a $23,500 cash infusion will be required and will be added as a compliance item **(Attachment E).**

6. Tariff—the proposed rates were compared to several existing carrier's tariffs with similar authorities and vehicle restrictions [i.e., Nevada Movers Express, Inc. d/b/a Family Movers Express (CPCN 3259), Discount Movers, Inc. (CPCN 3338) and All The Right Moves, LLP (CPCN 3340 Sub 2)

PROJECTED REVENUE NARRATIVE

The projected revenue for the first year of operations is based upon the potential for the Company to expand its fleet to accommodate up to 3 vehicles.

Projected total Revenue of $305,000. With a single vehicle and aggressive adverting, the Company will seek to expand its monthly revenues to $20,000 per month with a single vehicle. It is anticipated it will take 4 months to reach this projection. Thereafter, the Company will watch market stabilization for 2 months before purchasing a second vehicle in which is anticipated to eventually bring in an additional $15,000 in monthly revenues. Similarly, it is anticipated it will take and additional 4 months to reach this projection. Thereafter, the Company will watch market stabilization for 2 months before purchasing a third vehicle in which is anticipated to eventually bring in an additional $10-15,000 in monthly revenues.

The projections are based upon a 30 day month and allow for vehicle scheduling to range from 30% to 80% utilization during any month. The projections also allow for downtime for each vehicle for maintenance, or other issues which could keep a vehicle non-operational at any time.

The Company anticipates working with real estate agents representing residential and commercial buyers and sellers. Furthermore, the Company's management has had great success with their other business ventures through running advertising campaigns online and through mailers. Additionally, the the Company's management has significant contacts through their other business ventures which will likely lead to significant referral sources.

12 MONTH STATEMENT OF PRO-FORMA INCOME & EXPENSE FOR FRONTIER MOVERS, LLC

INCOME:

Revenue: The income will be composed of local moves consistent with tariffs. There will be one (1) truck available full time to do the moves initially. And, additional movers will be contracted to assist part time until full time employment of two employees is feasible. This is projected herein beginning at month four (4). Assume income will grow by $5,000 incrementally per month until month four (4) where it will reach a steady state of $20,000 per month *The $5,000 per month revenue is conservatively calculated by taking our Regular Box Truck hourly rate of $45.00 per hour (multiplied by the 3 hour minimum) and the minimum of 1 man per vehicle at the Driver Rate of $25.00 per hour (multiplied by the 3 hour minimum) shows a minimum cost of $210 per minimum move. If you take the $5,000 revenue minimum and divide it by the move cost minimum of $210 you will only need 24 moves to make the revenue projection which is less than 1 three hour move each day.*

EXPENSES:

COGS = COST OF GOODS SOLD

Payroll Tax: Payroll overhead includes items such as unemployment insurance and is based upon 15% of Salaries and Wages for each month.

Vehicle Repairs/Maintenance: Vehicles will be maintained every 4,000 miles, which works out to be an average of 2-4 months. Based on estimates, the monthly average per vehicle will be $275. This includes general vehicle check up, minor repairs, oil and filter change and a lube job.

Insurance and Accident Loss: Vehicle insurance is anticipated to be approximately $500 per month (upon reaching 3 vehicles) and general liability insurance should run an additional approximately $100 per month.

Vehicle Fuel: Vehicle fuel is based on vehicles averaging 6-8 miles per gallon and fuel priced at $3.25 per gallon. Estimated mileage per job/move is 50 miles, The Company's assumptions create a monthly fuel charge of approximately $600 per vehicle at a high utilization rate.

Salaries & Wages: This is forecasted to be a monthly salary for our entire staff, initially consisting of one (1) full time with contracted part time as needed until month four (4) at which time there will be a total staff of two (2). The member will draw from the profits, if any, on a monthly basis. The assumption is that to give a salary to member in first year will unduly burden company with additional payroll taxes.

June 3 staff
Member 4 staff

Workers Comp: is included here at 8% of Salaries and Wages.

Employee Drug Testing: $50.00 per month.

Telephone: Communications costs include internet and phone costs.

Leasing Costs/Office Rent: The Company will utilize coexisting/adjacent space with other business venture held by the owners. As such, office rent and utilities are a shared expense.

Motion to Extend Time for Filing 2019 Annual Report

Hello, I hope everyone is safe and healthy! As you know we are going through a tough time because of COVID-19 and we were not able to operate until June due to the order by our governor because of quarantine. The business was on and off because of this as well. We were supposed to file an annual report for 2019 before July 15 but we will not be able to file the report because of COVID-19. A lot of operations were closed including the people who do my annual report every year. I contacted the Nevada Transportation Authority office and they advised us that we were supposed to file this before July 15 but as I mentioned we have been in quarantine since March 17 and in addition to this, I have family member that was affected by COVID-19 and have been having a very tough time managing this as we have never experienced this before. I made contact with my CPA to do my 2019 annual report and I am in the process of doing the annual report at this moment but I am not going to make it by July 15. I am requesting to file a motion to extend the time to August 30, 2020 instead. I will finish and complete the report before the end of August. I hope you understand my situation and please help me by extending the date to August 30. Please let me know if you extend the time. I promise you that I will complete the report before August 30.
Thank you for your help!

Sincerely,
Manager Taju Seman

Date: July 13, 2020

To whom it may concern:

I am requesting and extension to file our 2019 Annual Report for 24/7 Entertainment LLC CPCN 1102 & 2073.

I am requesting this extension because with COVID-19 forcing us to not operate at 100%. Due to COVID-19 it has also put a delay on filing our taxes and getting those returned. We have been working diligently on getting them completed to complete these reports as well.

Our agreement was to have 2 reports that have been corrected and will be correct and this is part of the process to supply those.

We also in the past 3 weeks have experience two cases of COVID-19 in house which has further caused issues with having to close down temporarily to sanitize the office and also losing employees who feared to come to work as well as the 2 who were affected.

This why I request a 14-day extension to provide this report to you no later than 7/30/2020 for both companies.

I appreciate your understanding with this matter and hope you will grant the motion for extension.

BEFORE THE NEVADA TRANSPORTATION AUTHORITY

IN THE MATTER of the Petition of Whittlesea Checker Taxi, a Series of Platinum LV Transportation, LLC for an Advisory Opinion pursuant to NAC 706.4007	Docket No.

PETITION FOR ADVISORY OPINION

COMES NOW, Whittlesea Checker Taxi, a Series of Platinum LV Transportation, LLC ("Petitioner"), by and through its legal counsel, Brian R. Hardy, Esq., hereby applies by Petition to the Nevada Transportation Authority (the "Authority") for an Advisory Opinion concerning the practical applications of a statute. This Petition for Advisory Opinion is made pursuant to NAC 706.4007 which provides in pertinent part that "[a]ny interested person may petition the Authority for a declaratory order or an advisory opinion as to the applicability of any statutory provision or any regulation or decision of the Authority."

I. INTRODUCTION

Petitioner and its drivers/independent contractors have been advised by agents of the Authority that, despite practices that have been approved an overseen by the Authority for years, the Authority has decided to reevaluate its position on NRS 706.124 which defines a "Taxicab" as a vehicle which is, among other things, "designed or constructed to accommodate and transport not more than six passengers, including the driver." The Industry has operated thus far (and done so with the knowledge and approval of the Authority) utilized mini-vans and sport utility vehicles ("SUV"s") which are often designed by the manufacture to potentially accommodate more than six passengers as Taxicabs after they have been retrofitted or modified

consistent with manufacturer designs. Notably, by manufacturer design, these vehicles come with an optional third row of seating. This back row seating is designed to be removed to eliminate the possibility of the vehicle accommodating more than six passengers and to allow for a larger storage compartment. This larger storage compartment and the larger SUV style four-wheel drive vehicles are critical to the taxicab industry in Northern Nevada due to the nature of its visitors and their proclivity for outdoor activities.

In an effort to alleviate any discrepancy and to assure that the above statutory authority is consistently understood and applied by both the industry and the Authority, Petitioner hereby requests that the Authority provide an advisory opinion as to the application of NRS 706.124.

II. LEGAL ANALYSIS

NRS 706.124 provides:

> "Taxicab" means a vehicle which is not operated over a fixed route, is designed or constructed to accommodate and transport not more than six passengers, including the driver, and:
>
> 1. Uses a taximeter or some other device, method or system to indicate and determine the passenger fare charged for the distance traveled;
>
> 2. Is used in the transportation of passengers or light express, or both, for which a charge or fee is received; or
>
> 3. Is operated in any service which is held out to the public as being available for the transportation of passengers from place to place in the State of Nevada.

It is the position of the Petitioner that, while NRS 706.124 provides that a taxicab is a vehicle designed or constructed to accommodate and transport not more than six passengers, such does not reference or require the vehicle to have been originally manufactured in such a configuration. When such a requirement or standard has been required is has been specifically called out. A notable example can be seen in NAC 706.080 which clearly states that a "Livery limousine means a motor vehicle engaged in the general transportation of persons for compensation ***that was originally manufactured as having***: 1. A capacity of 9 or more persons but less than 16 persons, including the driver; or 2. A capacity of 16 or more persons, including

the driver, but is currently configured with a capacity of less than 16 persons, including the driver." Such a designation as "originally manufactured" is not contained in NRS 706.124.

Rather, the Nevada Legislature used the phraseology of "designed ***or constructed to accommodate***". This phraseology (unlike that used in NAC 706.080 regarding original manufacturing) clearly contemplates construction to accommodate the seating capacity. Thus, when applying the plain language of the statute, Petitioner and others must be permitted to modify or construct their vehicles to accommodate the required seating requirements. See We People Nevada ex rel. Angle v. Miller, 124 Nev. 874, 881, 192 P.3d 1166, 1170–71 (2008)(stating "[u]nless ambiguous, a statute's language is applied in accordance with its plain meaning. When the Legislature's intent is clear from the plain language, this court will give effect to such intention and construe the statute's language to effectuate rather than nullify its manifest purpose."); see also California Commercial v. Amedeo Vegas I, 119 Nev. 143, 145, 67 P.3d 328, 330 (2003); Sheriff v. Luqman, 101 Nev. 149, 155, 697 P.2d 107, 111 (1985).

Beyond the clear construction of the statute, there are practical reasons for Petitioner seeking this advisory opinion. Notably, the larger storage compartment and the larger SUV style four-wheel drive vehicles are critical to the taxicab industry in Northern Nevada due to the nature of its visitors and their proclivity for outdoor activities. Such activities include golf and mountain biking in the summer, fishing, hiking and hunting in the spring and fall, as well as skiing and snowboarding in the winter. Simply put, these activities include the use and transportation of large sporting good equipment to locations which often time require four-wheel drive or the safety afforded by larger vehicles. Consequently, there is no surprise these types of vehicles have been selected by the industry and allowed by the Authority for so many years.

Simply put, these larger vehicles that have been constructed to accommodate the required passengers are a benefit to the safety and needs of the traveling public.

III. CONCLUSION.

Given the foregoing, Petitioner requests an advisory opinion from the Authority clarifying for both the industry and its agents that NRS 706.124 as applied according to it plain language allows for taxicabs to include vehicles, such as mini-vans and SUV's, that have been constructed to accommodate not more than six passengers, including the driver.

retains the discretion "to obtain information necessary or useful in formulating a declaratory order or advisory opinion." Id. Joining Parties believe that it is a proper exercise of the Authority's discretion to consider this Joinder in addressing the merits of the Petition.

I. NRS 706.124 SHOULD BE INTERPRETED TO ACCOMPLISH THE STATUTE'S PURPOSE.

A. HISTORICAL CONTEXT.

In 1989, the Nevada Legislature amended NRS 706.124 to include within its definition of "Taxicab" the following: "a vehicle . . . designed or constructed to accommodate and transport not more than six passengers, including the driver . . . ." The foregoing is language that was originally included in the 1971 statutory enactment of NRS 706.126 which defined "Taxicab motor carrier". Accordingly, the language at issue in this petition stems from language employed in 1971 by the Nevada Legislature.

In 1971 the auto industry was far different than the current automotive industry. SUVs and minivans were non-existent. The modern minivan was not marketed until 1984.[1] The auto industry has evolved to address the changing market demands and the demands of its consumers to have the ability to insert and/or fold-down seats for more seating and/or remove and/or fold-away seats to expand cargo space.[2] All major automakers have expanded and promoted their lines of SUVs and minivans to accommodate the desire of consumers to have the flexibility of expanded seating capacity

and/or expanded storage capacity.[3] This dramatic market change impacts the consideration and implementation of NRS 706.124.

SUVs and minivans are designed to accommodate less than six passengers (including the driver) when storage space is expanded. Simultaneously, SUVs and minivans are also designed to accommodate more than six passengers (including the driver) at the expense of the additional storage space. The consumer is given the choice which design configuration the consumer finds most optimal.[4] The vehicles are designed so that a consumer can either remove unwanted seating and/or "click-in" additional expansive seating depending upon the consumer's desire. It is in this setting, NRS 706.124 must be interpreted and applied.

The plain language of the statue defines and includes a "taxicab" that is designed to accommodate less than six passengers. MGM Mirage v. Nevada Ins. Guar. Ass'n, 125 Nev. 223, 228 229, 209 P.3d 766, 769 (2009) ("This court has established that when it is presented with an issue of statutory interpretation, it should give effect to the statute's plain meaning."). Because modern SUVs and minivans are "designed" specifically to accommodate six passengers or less, and such seating arrangements are an intended and foreseeable use of the designed product, current production of SUVs and minivans fall within the definition of a "taxicab" as used in NRS 706.124.

---

[3] As of 2019, the International Energy Agency (IEA) has found that SUV sales have grown to 40% of the worldwide market as of the end of the decade. *Webster, Ben (14 November 2019). "Soaring demand for SUVs exacerbates climate crisis". The Times. UK. Retrieved 28 January 2020.*

[4] Manufacturers specifically design these vehicles with an optional third row of seating. This back-row seating is intentionally designed to be easily removed to eliminate the possibility of the vehicle accommodating more than six passengers and to allow for a larger storage compartment.

SIMONS HALL JOHNSTON PC
6490 S. McCarran Blvd., Ste. F-46
Reno, NV 89509
Phone: (775) 785-0088

Merely because *a* possible seating configuration could exceed the six-passenger limitation does not mean that the same vehicle runs afoul of NRS 706.124 since the same vehicle is also designed to fall within the six-passenger or less requirement. The statute should not be read so as to create an absurd or unreasonable application to exclude such vehicles from being a taxicab since one type of seating configuration would exceed the six-passenger limitation. General Motors v. Jackson, 111 Nev. 1026, 1029, 900 P.2d 345, 348 (1995) (statutory interpretation should avoid absurd or unreasonable results).

While the automotive industry has changed from the days of the Lincoln Continental Mark IIIs and the Chrysler New Yorkers of the 1970, to the ubiquitous SUVs and minivans of the 21st century, the intent and purpose of NRS 706.124 can still be achieved. If an SUV and/or minivan is designed for six-passenger or less seating, and this seating configuration is adopted and implemented by the end user as a "taxicab", then the use of such vehicle satisfies and is in conformance with NRS 706.124's provisions.[5]

B. NORTHERN NEVADA'S MARKET.

Joining Parties conduct their operations in Northern Nevada. Northern Nevada has harsh winters which are easier traversed with SUVs. In addition to improved safety, many visitors travel to Northern Nevada to enjoy the amazing ski season and bring with them oversized luggage. During the spring and summer months, visitors travel to Northern Nevada to mountain bike, golf and engage in other recreational activities. These visitors also typically travel with oversized luggage. SUV's and minivans are used

[5] This issue appears to be readily addressed by the Authority adopting operational and/or inspection criteria to ensure the end-user configuration of the taxicab is limited to its six-passenger or less configuration so as to comply with NRS 706.124's requirements.

for passenger safety as well as to accommodate extra storage space for the visitors' luggage requirements. The larger storage compartments that are available in the SUVs and minivans are critical to the taxicab industry in Northern Nevada. These larger vehicles are designed to permit six-passenger or less seating with large storage compartments. Merely because the modern design trend includes the ability to allow the storage area to also be used for expanded seating does not impair SUVs and minivans from qualifying as "taxicabs" under the provisions of NRS 706.124.

II. CONCLUSION.

Based upon the foregoing, Joining Parties join in Petitioner's request for an advisory opinion from the Authority clarifying that NRS 706.124 allows for vehicles designed to be six-passenger or less, include SUVs and minivans, as long as the SUVs and minivans are configured to employ the six passengers or less seating option.
