Deputy Commissioner Jennifer De Rose

ORDER

Under Nevada Revised Statutes (“NRS”) 706.151, the Nevada Transportation Authority (“Authority”) has legal jurisdiction and authority over the above matter.

At the time of issuance of the above-captioned Citation, Respondent was served notice via certified mail that the matter was set for hearing at the Las Vegas office of the Authority at 8:30 a.m. on March 31, 2021. The Respondent failed to appear. The matter was continued with the final appearance set for hearing on April 21, 2021, with notice mailed via regular mail to Respondent. The Respondent failed to appear at the time and place set for hearing and failed to request a continuance of the matter.

The Hearing Officer found that proper notice of the April 21, 2021 hearing was provided to the Respondent in accordance with NRS Chapters 233B and 706. In accordance with Nevada Administrative Code (“NAC”) 706.4017, Authority Staff, by and through Deputy Attorney General Louis Csoka, requested that findings be entered against the Respondent for the violations alleged in Citations 22327 and 22328 and that fines be imposed for said violations.

Commissioner George Assad, serving in his capacity as Hearing Officer for the Authority, considered the allegations and assertions contained in Citations 22327 and 22328 and the related Investigation Report (marked as State's Exhibit 1 and incorporated herein by reference) and entered findings against the Respondent for violation of NAC 706.203, related to failure to be open during regular business hours, violation of NAC 706.206, related to failure to notify Authority of corporate changes, violation of NRS 706.398 related to failure to comply with regulations of the Authority and violation of NAC 706.360, related to failure to file a Covid reopening plan with the Authority. Respondent also has two (2) stale Sale and Transfer dockets, Docket 19-09030 and 20-08023, on file with the Authority.

DISCUSSION

The Hearing Officer found that fines alone would be an inadequate remedy and based on the status of this carrier, the Hearing Officer recommends an Order to Show Cause be scheduled.

IT IS THEREFORE ORDERED:

1. That the recommendation of the Hearing Officer for Administrative Citation and Verified Complaint 22327 and 22328, issued to Double D Transportation for violations of NAC 706.203, NAC 706.206, NRS 706.398 and NAC 706.360, is hereby AFFIRMED;

ORDER

Under Nevada Revised Statutes (“NRS”) 706.151, the Nevada Transportation Authority (“Authority”) has legal jurisdiction and authority over the above matter.

At the time of issuance of the above-captioned Citation, Respondent was served notice by regular mail that the matter was set for hearing at the Las Vegas office of the Authority via Webex at 8:30 a.m. on March 24, 2021. The Respondent failed to appear. The matter was continued with the final appearance set for hearing on April 14, 2021, with notice mailed via regular mail to Respondent. The Respondent failed to appear at the time and place set for hearing and failed to request a continuance of the matter.

The Hearing Officer found that proper notice of the April 14, 2021 hearing was provided to the Respondent in accordance with NRS Chapters 233B and 706. In accordance with Nevada Administrative Code (“NAC”) 706.4017, Authority Staff, by and through Deputy Attorney General Louis Csoka, requested that findings be entered against the Respondent for the

violations alleged in Citations 21966, 22180, 22185, 22186 and 22187 and that fines be imposed for said violations.

Commissioner David Newton, serving in his capacity as Hearing Officer for the Authority, considered the allegations and assertions contained in Citations 21966, 22180, 22185, 22186 and 22187 and the related Investigation Reports (marked as State's Exhibit 1 and incorporated herein by reference) and entered findings against the Respondent for violations of NAC 706.360, related to failure to submit COVID reopening plan, NRS 706.398.1A, related to failure to file a 2019 annual report as required, NAC 706.2473 ref. 49 CFR 382.305, related to failure to enroll in a random drug testing consortium, NAC 706.2473 ref. 49 CFR 391.21, related to failure to provide original employment application for driver, NAC 706.2473 ref. 391.31, related to failure to conduct road test on driver without a commercial drivers license, NRS 706.398 related to revocation or suspension of certificate and NAC 706.2473 ref. 49 CFR 391.23, related to failure to conduct inquiry to previous employer within 30 days of hire.

DISCUSSION

The Hearing Officer found that fines alone would be an inadequate remedy and based on the status of this carrier, the Hearing Officer recommends an Order to Show Cause be scheduled.

IT IS THEREFORE ORDERED:

1. That the recommendation of the Hearing Officer for Administrative Citation and Verified Complaint 21966, 22180, 22185, 22186 and 22187, issued to Hoag, LLC d/b/a Amore Transportation for violations of NAC 706.360, NRS 706.398.1A, NAC 706.2473 ref. 49 CFR 382.305, NAC 706.2473 ref. 49 CFR 391.21, NAC 706.2473 ref. 391.31, NRS 706.398 and NAC 706.2473 ref. 49 CFR 391.23, is hereby AFFIRMED;

and Necessity 7443.)
_____)

At a general session of the Nevada Transportation
Authority held on June 14, 2021.

PRESENT: Chairman Dawn Gibbons
Commissioner George Assad
Commissioner David Newton
Deputy Commissioner Jennifer De Rose

COMPLIANCE ORDER

The Nevada Transportation Authority ("Authority") makes the following findings of fact and conclusions of law:

1. That on November 30, 2020, Four Seasons Towing, LLC ("Applicant") filed an application with the Nevada Transportation Authority ("Authority") for an expansion of authority granted under Certificate of Public Convenience and Necessity ("CPCN") 7443. The Applicant seeks to expand their consent-only tow authority by adding the authority to provide non-consent tow car services. Said Application was designated as Docket 20-11032.
2. That on December 7, 2020 the Application was properly noticed to the public.
3. That on January 8, 2021 a Petition for Leave to Intervene ("PLTI") was filed by Lostra Brothers Towing and Wreck Recovery Service, LLC d/b/a Lostra Brothers Towing.
4. That on March 29, 2021 said PLTI was served by the intervener to Jerry Swisher,

Owner/Operator of Four Seasons Towing, LLC.

5. That on March 31, 2021 the PLTI was granted by Commissioner David Newton, serving as hearing officer in this matter.
6. That on May 7, 2021 an application hearing was held before Commissioner David Newton.
7. That Jerry Swisher, owner/operator of Four Seasons Towing, LLC testified to his years of experience in the tow industry in Nevada, including a period working for the Intervenor his understanding of the Statutes and Regulations governing said industry including an understanding of the requirements for driver qualification files and vehicle maintenance files, his current operations, and his future plans as a non-consent tow operator.
8. That Douglas Bodel, Michael Lambeth, and Corey Ryan, owners of Lostra Brothers Towing and Wreck Recovery Service, LLC d/b/a Lostra Bros Towing, Interveners, testified as to the reason for their intervention. That they had no questions for Mr. Swisher, and that their concern was with the NTA's responsibility to interpret and enforce NRS 706.151(e) and NRS 706.391(3). The concerns expressed centered upon issues of competition and dilution of the market based on underutilization of two "heavy/wreck recovery trucks" currently, and that the granting of additional tow vehicles would cause an "adverse effect to our operations and would not improve the service to the community." Additionally, the Interveners stated that Four Seasons would be putting the public at risk due to its lack of capacity and that it would be unable to do one tow because it is doing another, and Interveners will have to do the tow resulting in harm the public.
9. NRS 706.151(e) states that the purpose of regulating the transportation industry was in part "to discourage any practices which would tend to increase or create competition that may be detrimental to the traveling and shipping public or the motor carrier business within this

State.

10. NRS 706.391 (2)(c) states that the NTA shall grant a modification if it finds that “the granting of the certificate or modification will not unreasonably and adversely affect other carriers operating in the territory for which the certificate or modification is sought.
11. NRS 706.391 (2)(d) states that the NTA shall grant a modification if it finds that “the proposed modification will benefit and protect the safety and convenience of the traveling and shipping public and the motor carrier business in this State.”
12. NRS 706.391(3) states that the NTA “shall not find that the potential creation of competition in a territory which may be caused by the granting of the certificate or modification, by itself, will unreasonably and adversely affect other carriers operating in the territory for the purposes of paragraph (c) of subsection 2.
13. The hearing officer found that the goals outlined in NRS 706.391(2)(d) outweigh the concerns expressed under NRS 706.151(e) and 706.391(2)(c) in this instance. Competition is a healthy thing, and the competition resulting from the addition of a second non-consent tow carrier in this region will benefit the traveling and shipping public both by increasing options for towing and by helping to limit the cost to the public for towing. There will certainly be an effect on Intervenor's business, but there was no evidence produced as to that effect being unreasonable or adverse. No evidence was produced to demonstrate underutilization of equipment on behalf of Intervenor, and part of their concerns expressed regarding Applicant was that Applicant would not be able to perform all of the non-consent tows referred to it. However, this cuts against argument of unreasonable or adverse effects resulting from granting the increase requested.
14. That based upon all the records pertaining to the Application, after investigation:

- a. The Application on file herein comes within the purview of the statutes of the State of Nevada and within the regulatory jurisdiction of the Authority.
- b. The Applicant's operations and equipment meet the requirements set forth in NRS 706.4463 for the issuance of a CPCN.
- c. The operation contemplated by Applicant will be consistent with the public interest and will not operate to defeat the legislative policy set forth in NRS 706.151.

Therefore, based upon the foregoing findings, it is ORDERED that:

1. The Application on file herein shall be GRANTED for the transportation service specified below:

On-call irregular route transportation of vehicles requiring
tow car service by tow car vehicle.

Between points and places within the State of Nevada.
2. Upon full compliance with the conditions of this Order, the Certificate identified as CPCN 7443, shall be CANCELLED and a new Certificate of Public Convenience and Necessity identified as **CPCN 7443, Sub 1**, shall be issued to Four Seasons Towing, LLC authorizing operation in intrastate commerce as is more particularly described in the first ordering paragraph herein above.
3. Before issuance of said Certificate referred to hereinabove, the Applicant shall be required to:
 - a. Avoid material changes in any conditions relied upon by the Authority in its determination of operational fitness and immediately report to Authority Staff any such material changes, should they occur.
 - b. Make vehicle(s) available for inspection by Enforcement Staff to ensure that they properly display the notice as required per NAC 706.412 and have the required tariff and regulations in the vehicle.
 - c. Provide a tariff for review by the Financial Analyst, which includes a description of the authority granted, CPCN number, and the name and address of the Applicant.

- d. Make available for Enforcement Staff inspection, the tow yard, business, and vehicle domiciles.
 - e. Provide a current agreement with AutoReturn.
 - f. Remit to the Authority any noticing fees and/or other outstanding debt due to the Authority.
4. Compliance with the foregoing requirements must be made NO LATER THAN 120 days after issuance of this Order. If the Applicant fails to comply within 120 days after issuance of this Order, the Deputy Commissioner may vacate this Order and dismiss this Application.
5. The Deputy Commissioner shall be authorized to issue a Certificate of Public Convenience and Necessity upon Applicant's compliance with all requirements set forth hereinabove.

**Blackbook eMotors, LLC
d/b/a BBM eMotorsports
Request for Exemption under NAC 706.147
Docket 21-04036
June 14, 2021 General Session**

Summary:

On April 19, 2021 Brian Harris, owner of Blackbook eMotors, LLC d/b/a BBM eMotorsports ("BBM") filed an application to operate a free shuttle service. BBM is in the business of selling and renting electrical bikes, scooters and motorcycles. BBM maintains a facility at 4291 Polaris Ave, Unit C, Las Vegas, NV 89103. They will be providing the free transportation from their business location to the area where the clients will be riding the electrical vehicles and return to the starting point.

Staff Discussion:

The vehicle is currently registered personally to Brian Harris, the owner of the company at his home address. This does not comply with NAC 706.147, section 1.(g)(3). Mr. Harris has indicated that he has just formed another LLC – Blackbook Media, LLC and he will be registering that vehicle under the new LLC. This will be in compliance with the regulation and Staff is requiring a copy of the registration once under Blackbook Media, LLC.

Staff concern – prior to the filing of this Request for Free Shuttle Exemption, Mr. Harris had filed (and later withdrew) a Request for Free Shuttle Exemption whereby he would use the same vehicle to drive people around to various advertising clients locations and events held around town. This would not qualify for a free shuttle exemption since the requirement under NAC 706.147 section 1.(d) is that "transportation is furnished only if the provider's place of business is the point of origin or the point of destination of each customer's trip."

Clearly Tahoe, LLC
Request for Exemption under NAC 706.147
Docket 21-05031
June 14, 2021 General Session

Summary:

In July 2020, Clearly Tahoe, LLC (“CT”) was granted a free shuttle exemption and is now seeking to expand that exemption to include additional locations and a second vehicle.

CT is a company that offers personal kayak tours and rentals in completely transparent kayaks. They have a Permit with the State of Nevada Division of State Parks allowing them to provide their tours at Cave Rock – Lake Tahoe NV State Park. They were recently approved to also provide Kayak tours at Sand Harbor and are seeking to add this as an additional park location.

The free shuttle will bring their clients from the Edgewood Tahoe Lodge, or from Clearly Tahoe parking facility, Clearly Tahoe Kiosk, or their soon to open shop located at 893 Tahoe Blvd., Suite 800, Incline Village, NV, to the park site for the kayak tour. Their guest will later be returned to their respective pick up locations.

Currently both of the vehicles are registered to Clearly Tahoe, LLC. Their existing vehicle is a 15 passenger van. The second vehicle that they are seeking to add is a 12 passenger van, both have forward seating. The intent is to use the vehicles to transport their tour guests and employees on the free shuttles to and from the park locations.

Staff Discussion:

Other companies offer off road activities, where the place of business is considered the location as evidenced by the park permit rather than the office that is identified on their actual business license. This is similar in that it provides transportation to and from the park sites. Having the two vehicles will allow them to provide the free shuttle during busier times, and during down times when a vehicle is out for maintenance or repair.

RE: Motion to Extend Compliance Period

To whom it may concern,

I would like to request a Motion to Extend Compliance Period for CPCN 7408. The reason is that Registration with DMV took longer than expected because the appointments available were longer than usual.

We are almost done with compliance items but would like to get additional time if possible.

I. INTRODUCTION

On or about May 7, 2021, Kaptyn filed a request on behalf of Kaptyn to modify CPCN
2063's tariff. Specifically, Kaptyn seeks to amend the passenger seating capacity for certain

increase special services rates. The tariff changes are being requested in anticipation of McCarran
Airport authorizing per capita, curbside services starting June 1, 2021. Additionally, the tariff
changes are reflective of requests from various hotels seeking to initiate special services starting
June 1, 2021.

Approved

I. INTRODUCTION

On or about May 7, 2021, Kaptyn filed a request on behalf of Kaptyn to modify CPCN 1007's tariff. Additionally, the tariff changes are reflective of requests from various hotels seeking to initiate special services starting June 1, 2021.

Date for PLTI - filing expires June 1
Requesting effective June 1.

Inc. for authority to modify tariff rates pursuant to) Docket No. 21-05018

_____)

At a general session of the Transportation Services
Authority of Nevada held on June 14, 2021.

PRESENT: Chairman Dawn Gibbons
Commissioner George Assad
Commissioner David Newton
Deputy Commissioner Jennifer De Rose

ORDER

Based on the evidence of record, the Transportation Services Authority of Nevada
("Authority") makes the following findings:

1. That an Application was filed with the Authority by Colonial Van & Storage, Inc.
("Applicant"), a carrier certificated to operate as a household goods mover in the State of
Nevada pursuant to Certificate of Public Convenience and Necessity (CPCN) 3151, Sub
2 for authority to modify tariff rates pursuant to NAC 706.1384.
2. That the Application was properly noticed to the public and there were no Petitions for
Leave to Intervene or Protests filed.
3. That the Applicant seeks to:
 - a. Remove Packing Materials from Tariff
 - b. Increase all rates for distance by approximately 20%.
 - c. Increase local hourly rates by approximately 26% to 50%.
 - d. Increase accessorial charges by approximately 12% to 16%.

4. That the proposed rates for distance and local hourly rates are within the range of rates currently charged by the industry for similar services.
5. Staff is not concerned with the rate being higher as there are other certificated carriers offering lower rates that the public can chose from.
6. That the Applicant has not requested a tariff modification since April 2008.
7. That based upon all the records relating to the Application, and after investigation:
 - a. The Application on file herein comes within the purview of the statutes of the State of Nevada and within the regulatory jurisdiction of the Authority.
 - b. The proposed tariff modification will be consistent with the public interest and will not operate to defeat the legislative policy set forth in NRS 706.151.

Good morning Dawn,
I have a tariff which is assigned to you. They filed for interim authority. There are many changes and the period for PLTIS to be filed does not expire until May 26th. Staff supports the request provided the changes are not effective until May 27th, to allow for anyone who may want to intervene.

See the attached description of changes and backup pages of the tariff with the changes. Please let me know your decision regarding the interim authority.

Thanks,
Liz

Based on the evidence of record, the Nevada Transportation Authority ("Authority") makes
the following findings:

1. That an Application was filed with the Authority by Bell Trans, A Nevada Corporation d/b/a Bell Trans, Bell Limousine ("Applicant"), a carrier certificated to provide airport transfer, special service, charter limousine, and charter bus services as described in Certificate of Public Convenience and Necessity ("CPCN") 1023, Sub 2 for authority to modify tariff rates for Tariff 2-A pursuant to NAC 706.1384.
2. That the carrier simultaneously filed a Petition for Interim Authority requesting to have the new rates effective on June 1, 2021.
3. That the Application was properly noticed to the public and there were no Petitions for Leave to Intervene ("PLTI") or Protests filed.
4. That the period to file a PLTI did not expire until June 7, 2021.
5. That the request was granted on June 1, 2021, by Commissioner David Newton, acting as

Presiding Officer in this matter, the modification to be effective June 1, 2021, conditioned on no PLTIs being filed by June 7, 2021.

6. That should a PLTI be filed, the matter would be brought back for reconsideration.
7. That the Applicant seeks to make the following changes to Tariff 2-A:
 - a. Remove a Luxury Sprinter Van with a seating capacity of eight (8) passengers, not including the driver.
 - b. Add Luxury Sprinter Van with a seating maximum seating capacity of 17 passengers including the driver, with a rate of \$99.00 per hour and \$49.50 for each subsequent one-half hour or less, and \$61.50 per hour and \$30.50 for each subsequent one-half hour or less, for customers with the 200 hours per month discount.
 - c. Add the 200 hour volume discount to vehicles with a capacity of nine (9) passengers including driver, of \$70.00 per hour and \$35.00 each subsequent one-half hour or less.
 - d. Modify the following rates for customers with the 200 hours per month discount:

Vehicle	Old Rate	New Rate
With a passenger capacity of eight (8)	Including Driver 55.00 / Hr. 13.75 Each subsequent one-quarter hour or less	Excluding Driver 85.00 / Hr. 42.50 Each subsequent one-half hour or less
With a passenger capacity of fifteen (15) including driver	88.00 / Hr. 44.00 Each subsequent one-quarter hour or less	95.00 / Hr. 47.50 Each subsequent one-half hour or less

8. That the proposed rates are within the rates that are currently used by the industry.
9. That the carrier's last tariff modification was in April 8, 2021.
10. That based upon all the records relating to the Application and after investigation:
 - a. The Application on file herein comes within the purview of the statutes of the State of Nevada and within the regulatory jurisdiction of the Authority.
 - b. The proposed tariff modification will be consistent with the public interest and

will not operate to defeat the legislative policy set forth in NRS 706.151.

Therefore, based upon the foregoing findings, it is ORDERED that:

1. Upon the Applicant reimbursing the Authority for the costs of noticing related to the Application, the tariff modification proposed by Bell Trans, A Nevada Corporation d/b/a Bell Trans, Bell Limousine for Tariff 2-A is hereby GRANTED.
2. The Authority retains jurisdiction for the purpose of correcting any errors that may have occurred in the drafting or issuance of this Order.

Petitioner's Name: Rowdy Industries LLC dba Nevada Party Bus Telephone: (702) 340-5433

Rowdy Industries LLC. dba Nevada Party Bus

CPCN 2146.1

I Arthur Rosson CEO / Managing Member am filing a petition of reconsideration to have a driver restriction removed from my current certification. Upon issuance of my certification I was informed by John Datian my compliance officer at the time for my certification and by Jim Day that due to a pending reckless driving charge I had on my record they were going to put a restriction on my certificate until that was resolved. They then informed me once that was resolved I could file a petition of reconsideration to have it removed. It has been resolved for many years and the charge was dismissed. I have even applied for and received a driver permit a few years back to help out a friend of mine at his company A-List Trans and I was approved for the permit at that time. However I never did file the petition for my own license and at this point I would like to file that petition and have the restriction be considered for removal so that I would be able to be a back up driver for my company. Attached along with this letter and the petition of reconsideration is a copy of the charge dismissal along with a current DMV print out and a copy of my driver permit I had obtained.

Thank you for your reconsideration,

Arthur H. Rosson

On March 21, 2020, due to the COVID-19 pandemic, the above listed companies initiated a program that changed the way we collected each company's portion of driver revenue. This was done to ensure we maintained our dwindling driver base, and to ensure that our drivers had adequate resources to buy food and pay their bills.

Example:

March 21, 2020

Reno-Sparks Cab Company and other sub-companies listed above received no revenue from its drivers. Several weeks later RSCC increased its revenue share with drivers to 25% and continued incremental increases of 25% driver revenue share until March 21, 2020 when RSCC resumed a 50-50 split in revenue with our drivers.

As a result of this program Reno-Sparks Cab Company lost more than \$223,000 in revenue between the dates of March 21, 2020 and May 28, 2020. Additionally, due to the pandemic RSCC responded to unfunded mandates from the State and purchased over \$8,000 dollars' worth of disinfectants and hand sanitizers as well as plex-glass barriers to protect our employees.

Due to our desire to help employees and because of unbudgeted expenditures RSCC finds itself unable to pay fines listed in citations referenced above. RSCC requests to petition for reconsideration of these fines for the reasons given.

CITATION REPORT

*PPR Attachment
E*

ADMIN CITATION NO: 20864

CHARGE(S): NAC 706.3751 – Certificated carrier allowing driver to operate a taxi without a valid driver's permit

RESPONDENT: Reno Cab Company

DATE/TIME: 09/03/20 1:35 AM

LOCATION: Kitzke and Mill Street Reno Nevada

INVESTIGATOR: Gravel #J043

DETAILS: On September 4th, 2020 I received an accident report from the Reno Cab Company regarding an accident which had occurred on 9/3/20 at 1:35 AM. (SEE EXHIBIT A).

I routinely process accident reports when taxi carriers send them to our office, as is required by NAC 706.3749. In doing my follow up I noted that the driver of the taxi at the time of the accident was Timothy Van Norman. Mr Van Norman did not show in our driver's database to have ever been issued a driver permit by our agency.

I checked the pending driver files and was able to locate an "in-process" application for Mr. Van Norman (application dated August 10th, 2020); however, after applicants are fingerprinted, they are required to return to the NTA their original documents, including proof of being fingerprinted, as well as submitting a \$50.00 permit fee. The in-process file I located did not reflect that original documents were returned, nor was there any record of having received payment for the permit. Drivers are not permitted to drive a taxi until they have been issued a receipt of payment, indicating completion of the application process, with the receipt serving as their temporary driver permit until their background results from fingerprinting are reviewed by our office and a regular permit is issued.

I sent the HR director of Reno Cab Company (Mercy Medina) an e-mail that same day to let her know of the problem, and to notify her that she needed to immediately remove Mr. Van Normal from driving duties for their company until such time as he is issued a driver's permit by our office.

On Tuesday September 8th, Mercy Medina called me and told me that she would immediately send a "road boss" down to our office with payment for Mr. Van Norman's driver's permit. They brought in a money order that was dated back on August 3rd. (EXHIBIT B is a copy of the payment and the receipt)

The road boss told our Administrative Assistant who receipted the payment that while our offices were closed due to the pandemic and the carriers had to mail in documents and payments, that somebody in their office had sent several applications and payments to the wrong address. He turned in one such returned envelope as an example (See EXHIBIT C)

It should be noted that I had contacted a Reno Cab driver in downtown Reno on August 21, 2020 who did not have his drivers permit with him. He said that Mercy had not yet provided him a copy of the receipt for his application; however, I was able to verify that the driver did have a permit in our driver's database and released him with a verbal warning about having it in his possession.

At that time, I followed up with Mercy Medina at the office of Reno Cab Company regarding the lack of a receipt being provided to the driver who I had contacted downtown. She told me that there were several drivers for whom they had sent in payment during our office closure, but for whom they still had not received receipts. I told her that anyone who didn't have a receipt (proof of payment and completion of the initial application process), could not be driving.

I sent her an email to her that afternoon, asking for a list of drivers for whom they sent in payment but never received a receipt in the mail. She never re-contacted me to follow-up, so I assumed she had resolved the missing receipts issue. (See EXHIBIT D)

I scheduled an appointment with Mercy Medina, and on September 9, 2020 met with her in her office to issue the cab company a citation for allowing a driver to operate at taxi without having a valid driver's permit.

I asked Mercy about the envelope that the road boss brought in regarding mail being sent to the wrong address. She acknowledged that all of the paperwork being sent into our office was done by one of their employees, and they have since straightened that out.

Mercy accepted responsibility for the violation, and stated that she understood that drivers cannot drive until they have received a receipt from our agency, and that it is their responsibility to follow up with our agency if they are ever missing a receipt after the think they have paid for a driver's permit.

I issued the citation to the Reno Cab Company for NAC 706.3751, which says (in part) that a certificate holder shall not allow an employee or independent contractor of the certificate holder to drive a taxicab unless that person possesses a valid driver's permit issued by the Authority.

Subject: Missing Receipts

Hi Mercy,

When you have time (hopefully on Monday) can you please send me the list of driver's for whom you believe have completed prints and have submitted payment to us for them to drive?

I'm unclear why you haven't received receipts, but I'd like to follow up.

Please get me the list directly, as soon as you have time, and I'll ensure that one of the Audit Investigators gets assigned to follow up with you.

Thanks in advance.

PETITION FOR RECONSIDERATION

Docket ☐ / Citation ☐ / Impound ☐ / Permit ☒ #: CPCN 2232

Petitioner's Name: Las Vegas Beyond LLC / Christopher England Telephone: 702-427-0136

Mailing Address: 343 Caneflower Court North Las Vegas, NV 89031

Reason for request: The owners of Las Vegas Beyond were a 50/50 split between Lacy Long and Christopher England. We are equal in every respect but Chris allowed Lacy to run LVB as she had more recent experience in this industry. The short story is that Lacy had put LVB in a suspended state due to the COVID-19 pandemic we were unable to open back up as we had expected. Lacy has since had to move out of state due to pandemic related family issues and the business has fallen to Christopher England solely. I began the process to get everything back in order when I was informed of the issue with the CPCN 2232. I Christopher England am a Disabled, Retired Air Force Veteran. I would appreciate any leniency in reestablishing the CPCN 2232 for Las Vegas Beyond LLC. Please allow me to continue with LVB as we start to come out of these hard times. Thank you for your consideration.

DOCKET NO. 18-08033

**Petition to Extend Temporary Transfer of Operating Rights
And Request for an Interim Order**

Joint Petitioners, by and through Attorney, Brent Carson, hereby move the Nevada Transportation Authority (NTA) for an extension of Temporary Transfer of Operating Rights previously granted by this Authority.

This Petition is made and based on the papers and pleading on file herein, together with any further evidence the Authority may entertain at the hearing of this Motion.

**I.
BRIEF STATEMENT OF FACTS:**

CROWN LIMO, LLC is currently operating CPCN 1131 under a temporary transfer of operating authority. Due to the COVID 19 pandemic, Crown was forced to place this Certificate under the category of Temporary Discontinuance. Therefore, the operations have remained at a standstill.

The NTA staff have requested the Petitioners to file the instant motion for extension of the time period.

ALV and CROWN have agreed to a purchase and sale of CPCN 1104. An Application will be filed with the Nevada Transportation Authority within the near future.

**II.
AUTHORITY:**

NAC 706.359 states in part: Temporary transfer of operating rights

1. Unless unusual circumstances are involved, an application for the transfer of operating rights for a limited time will not be approved for a period of less than 30 days, nor longer than 2 years, during which time the parties will be expected to consider and determine whether they want to enter into a permanent transaction of sale and purchase of the rights. Nothing in this section may be construed as approving a sale and purchase of operating rights in advance of an application. [Pub. Service Comm'n, Gen. Order 5 Rule 219, eff. 12-1-62]—(NAC A 9-1-87; A by Transportation Serv. Auth. by R071-98, 10-28-98)

As stated in the regulation, the parties hereto have determined to move forward into “a permanent transaction of sale and purchase of the rights.”

III. **CONCLUSION:**

Wherefore, based upon the foregoing, Joint Petitioners respectfully request an additional 9 month extension of the temporary transfer rights so that the final sale and transfer can be completed.

Queen Business Solutions, LLC
Application for Household Goods Mover Authority
Docket 20-12027
June 14, 2021 General Session

Application Summary:

On December 23, 2020, Queen Business Solutions, LLC d/b/a MOVE ON MOVING ("Applicant") filed an application requesting authority to transport household goods within Clark, Lincoln, and Nye Counties, Nevada on the one hand and State of Nevada on the other hand and to operate three (3) vehicles. Said application was designated as docket 20-12027. Oren Malka is the sole owner of the LLC.

On April 16, 2021, the Applicant filed an amendment to add a second fictitious firm name, moveON moving.

Staff Analysis:

Staff supports this application, and therefore requests the application hearing be dispensed per NRS 706.391(9). The following procedures were performed by Staff with acceptable results and their basis to support this application:

- 1) The application was noticed and no petitions for leave to intervene or protests were filed.
- 1) Background investigation was performed with no areas of concern. (Attachment A)
- 2) Market – staff does not require household goods movers to provide market. Staff recognizes that documentary evidence is difficult to compile since moving is not a highly repetitive activity compared to market for transporting passengers. (Attachment B)
- 3) Pro Forma Balance Sheet – lists 2 trucks (the 3rd truck has an operating lease and not required to be reported on the PFBS). The PFBS has 22% equity, a 2 to 1 current ratio, and enough cash to cover 90 days' worth of fixed expenses. A cash infusion is not required. The 90-days' cash requirement is not required since the company already has the vehicles and its' costs are being paid from their ongoing business. (Attachment C)
- 4) Pro Forma Income Statement - projects overall \$5,571,717 in sales and \$829,227 in net income. (Attachment D) It projects \$2,112,318 of revenues will come from intrastate moves. Projected gas expenses appear to be low when compared to other carriers and due to current gas prices increasing. Staff's analysis on the PFIS disclosed revenues projected are very aggressive for 3 trucks; however, being in the moving industry since 2013, it has a great advantage in receiving leads over a start-up company.

The 12/31/2020 income statement reported \$2,911,136 and \$97,278 in sales and net loss, respectively. Most of the revenues are generated from interstate moves with leased vehicles. The Applicant was granted a warehouse permit at the May 2021 general session. Prior to that, the warehouse stored interstate household goods.

- 5) Tariff – the proposed rates are within the range of rates currently charged by the industry for similar services. (Attachment E)

Attachments:

- A. Investigator's Background Report without exhibits
- B. Applicant's Market Narrative
- C. Pro Forma Balance Sheet
- D. Pro Forma Income Statement and Narratives
- E. Tariff

Compliance Items in addition to those included in the background report:

- A. Provide copies of the Applicants 2019 IRS transcripts and that the reported amounts materially trace to the 2019 tax returns previously provided to staff.
- B. Provide proof that the drivers will be employees and not independent contractors.

Although this has led to many challenges and adjustments we are honored to still be up and running and helping and to serve our customers in these unprecedented times.

MoveON moving has an eye to the future as all times and even this year we are focused on growing into the next. With the growing demand of local moves, moveON moving expects to expand our services to intrastate moves through this application. We receive calls daily from customers in Southern Nevada who have heard great things about us and would like to move locally with us, and we regret that we have not been able to assist with the need in our area.

Identify the market the applicant intends to service, demonstrating that such market will support the proposed operations.

Nevada's population in 2020 is now estimated at 3.14 million. In 2019, about 9% of the US population moved. Nevada has been the fastest-growing state for five straight decades. According to the UNLV- Center for Business and Economy Research, it is the only state that maintained a growth rate of 25 percent or greater for the last three decades.

Low housing costs and employment opportunities made Nevada the fourth most-moved-to state in 2018, according to the National Movers Study by United Van Lines, 2018. This study found that 62 percent of surveyed customers moved into Nevada in 2018 while only 38 percent left. Of those new residents, 46 percent moved for a job and 29 percent for retirement.

Nevada's population is growing and so is the demand for moving services. The number of people moving within the state is an increasing demand that needs to be addressed:

- 62% of movers in 2017 remained in the same county after their move.
- 34% of movers relocated to a different county (including same-state and different-state moves).
- 4% of the moving population came from abroad.

Queen Business Solutions, LLC. dba moveON moving has offered Residential and Commercial moving services across the country since 2013. moveON moving is an experienced company in moving, packing and storing for residential & commercial customers, and intends to serve the growing demand for household goods moving services within the State of Nevada.

With years of experience, satisfied customers who recommend our services, effective online advertising and promotion, moveON has a business strategy to reach new customers:

- Home owners/renters searching for themselves online for a local mover.
- Apartment and rental property managers and owners
- Ongoing partnerships with realtors
- Professional associations.
- Organizations that cater to senior citizens
- Interactive website, utilizing GoogleAds to reach those customers who go online looking for a reliable moving company that meets their needs. Our main office is strategically located in a central area of Las Vegas, NV, which allows us to be in more search results as a local Las Vegas-area company.
- Online advertising in numerous channels (Facebook, YouTube, Twitter, Instagram, LinkedIn).
- Local online directories (Google My Business~Maps, HomeAdvisor, Thumbtack)

B 3/6

application

- Online search is growing every single day and our online presence is vital nowadays for business growth. Google Analytics provides data on the number of customers who look us up online using word search or location search. Based on the current statistics and tremendous online marketing to be implemented, we anticipate approximately 50 scheduled jobs that begin with an online search every month.
- Through referrals from realtors and property management companies, we anticipate an estimate of 50 to 60 jobs during the months of October through March. During the busy moving season of April through September we anticipate an average of 60 to 70 jobs total. These estimates are based on our experience working with local property management companies. See letters of support attached (from various local business entities located in Las Vegas, including one of the largest property management companies in town).
- Lead providers will offer referrals through their own particular marketing strategies, like SEO and SEM. Their conversion rate is much higher than a regular online search (5% for lead providers vs. 2% for regular online search) because they target specific potential customers. We expect about 25 customers per month from this base.
- Through personal networking, word of mouth and on-truck advertisement, moveON anticipates 4 to 6 jobs per month.
- moveON provides bi-lingual support for the Spanish speaking growing community in Nevada. We anticipate a minimum of 3 jobs per month through this convenience.
- Social media and online directories allow people to see not only the information that we share, but to see other people's reviews about our services and to share their own feedback. We expect 3 to 5 jobs per month through these channels.

With continual marketing, great customer service and professional moving standards. moveON is an experienced company who is able to fulfill a growing necessity of Nevada State.

Projected Revenue Narrative

This projection is based on a forecast of 97 intrastate moves per month.

Projected total gross income of \$2,112,318 per year, with a \$58,675.50 average gross income per month per truck. Our team offers services on an average of 28 days per month.

Anticipated starting month is July for projections. We start in the busy moving season until September, then it gets a little slower and peaks again in April of the next year.

This assumption allows us to forecast the more quiet months of October through March at \$1,200 gross income per truck per day, and grow to \$2,466 during the busy months of April through September.

Using 2 bed Truck + 6 men at \$350/hour (on peak time) = 8 hours for a total of \$2,800 plus packing materials.

Median hourly cost is \$205/hour = 8 hours for a total of \$1,640 plus the cost of packing materials and overtime cost if needed.

Using 1 bed Truck + 2 men at \$90/hour (on regular non-peak time) = 8 hours work for \$720 plus the cost of packing materials.

The projections allow for downtime of owned vehicle for planned maintenance, or other issues which could keep the vehicle non-operational at any time. Leased vehicles have a significant less downtime since vehicles are rotated for maintenance and repairs.

We expect that online presence will lead most of our customers to do business with us for local moves. The first year of operations will have a considerable online advertising investment. Our online presence is not new and we plan to implement campaigns to get even more awareness of our name. If we start with a very achievable 1.25% conversion rate from people who find us online and a minimum of 4,000 people are targeted between our multiple ads campaigns and organic search results, this will lead to about 50 paying customers per month.

Lead providers will also create a considerable amount of customers. Lead providers conversion rate is around 5%. From 500 people referred to us through their websites, campaigns, cookies, ads, and retargeting we can get about 25 customers from this source per month.

We anticipate working with a dozen community partners including senior organizations and religious organizations. We also will work with realtors representing residential buyers and sellers, along with residential and commercial rental management companies. If we can get about 50 referrals from this source (some less during the slow season of October-March, but a yearly

average of 50 per month). With a 20% lead factor, we can anticipate about 10 customers per month from this lead.

We anticipate an average of 3 jobs per month from social media and directories (Facebook, YouTube, Twitter, Instagram, LinkedIn, HomeAdvisor, Thumbtack) during the months of October through March, and about 5 jobs per month from April through September.

Through networking, word of mouth, on-truck advertisement and other business connections, moveON moving anticipates 4 to 6 jobs per month throughout the twelve months of operations.

MoveON moving provides bi-lingual support for the growing Spanish speaking community in Nevada. We anticipate about 3 jobs per month throughout the year who book a job for this convenience in particular.

These realistic estimates of jobs each month support our revenue and expense projections.

12 Month Statement of Pro-Forma Income & Expense for Queen Business Solutions LLC dba moveON moving.

Fuel

Vehicle fuel is based on vehicles averaging 4 miles per gallon and fuel priced at \$3.00 per gallon. We estimate that 95% of our jobs will be in the greater Las Vegas area, considering around 30 mi/job (average 10 mi between each point of carrier's dock, pick up and delivery site). Only 5% of our jobs will be estimated with a distance of 400 miles away from the site of pick up/delivery (800 mi/job total). For the busy months of April through September, we estimate a monthly fuel consumption of \$5,500 among the 3 trucks in average. For the months of October through March, the estimate is about \$4,700 per month. The yearly total for fuel is \$61,200 representing about 2.9% of total gross income.

Leasing Cost

Leasing contract for 2 vehicles is \$3,400 per month for a total of \$40,800 per year. Leasing company takes care of all maintenance and repairs for leased vehicles.

Repairs & Maintenance

Repairs & Maintenance expenses are only for the owned vehicle. Our truck will be maintained every quarter of the year. Projected monthly expenses include general vehicle check up, oil and filter change, air lines/hoses, alternators, wiring, tires, brakes and repairs. Estimated annual cost is \$31,685, which is an average of \$2,640.41 per month. This includes annual DOT inspection.

Packing materials

Packing materials consist of boxes, tape, wrapping blankets, wrapping paper, bubble wrap, shrink wrap, mattress covers. We anticipate that the majority of our customers will pack themselves and may need limited supplies for their move. We estimate \$30 to \$35 per move in limited supplies for each move over the 12 month period for a total of \$38,022 for the year for packing materials.

Advertising & Promotion

We plan to establish a strong and effective online presence. In order to achieve it, our advertising expenses are expected to be a 7% of gross income. Our online advertising and promotion plan includes a top maintained website plus online advertisement in numerous digital channels.

Monthly cost to keep our website running (including domain, hosting, maintenance and SSL licence) will be \$900 per month. Google Campaigns, SEO, remarketing, Social network ads, online local directories ads, lead providers services and email marketing are planned to use a budget of \$6,000 to \$7,000 per month on average throughout the year.

Flyers, other printed advertising & truck advertisement about \$1,000 a month.

Promotion with apartment and rental property managers and owners is also considered, commission expenses are expected to be about \$3,000 to \$4,000 per month.

Outside services

Independent contractors for miscellaneous services required.

Day labor

Temporary manual labor may be required to fulfill some specific job deadlines. We estimate that only one job a week will require additional labor, estimating about \$600 to \$800 per month, for a total of \$8,500 per year.

Insurance

Business insurance, automobile liability and motor truck cargo insurance have a combined total cost of around \$120,403 per year.

Warehouse & Office Rent

The warehouse rent which includes an office area is \$4,000 per month for a total of \$48,000 per year.

Utilities

Electricity, water and sewer charges are calculated for an average cost of \$350/month. Yearly total is \$4,200.

D 4/8

Salaries & Wages

Salaries and wages are calculated on 35-40% of total gross income.

Administrative staff monthly wages are about \$17,600 which represents about 10% of gross income. Drivers and helpers are more variable with about 20-25% of total gross income. Workers compensation insurance is about 14% of payroll, representing about 5% of total gross income.

General management is planned with a salary of \$4,480 per month. Dispatch has a monthly salary of \$3,520, GM assistant has a monthly salary of \$2,400. Customer service salary is \$4,000 per month and Claims will have a salary of \$3,200 per month.

6 drivers who are currently employed and 2 helpers (with a minimum of 8 hours a day) are considered for the following estimations. Our services will be available 7 days a week. During the busy months of April to September, monthly payroll is estimated around \$44,000, which represents an average of \$5,500 per person per month. For the months of October to March, monthly payroll is calculated around \$35,200 total. Individual average salary is \$4,400 per month.

Taxes & Licenses

The licenses that we must maintain are the State Business license which is \$500, renewable each year. The Clark County license is due every year in December. Yearly payment is \$70 per vehicle, with a total of \$210 for 3 vehicles. Fictitious Firm Name renewal for moveON moving is due every 5 years for \$25, which is \$5 each year. Calculated tax including modified business tax (1.475% on wages paid minus the first \$50,000) and sales tax on supplies (8.375% of supplies sold), along with all licenses is projected to be around 0.6% of total gross income. For the first year, it is estimated at \$12,674.

Telephone & Internet

Office phone with 5 lines, fax line, internet and video surveillance are \$515 per month. We also will have 6 cellphones for a total of \$365 approximate per month. The total monthly bill for communications is around \$880, and \$10,560 for the year (about 0.5% of total gross revenue).

Claims

Claims will be kept to a minimum with proper training and moving techniques. However, for those inevitable claims, we will handle them through a 3rd party mediator "CSI Pros". Our plan with CSI involves a \$300 payment every month, for a total of \$3,600 per year. We estimate a 3% of clients with damages, who will be settled for about 4% of their total move cost. The calculated total expense (for CSI fee plus settlements) is about \$6,336 per year (being about 0.3% of total gross income).

D^{5/8}

Office Expenses

Our anticipated office supplies will be a variable cost of about \$175 per month for items such as paper, ink, contracts printing and coffee. This makes a yearly total of \$2,112.

Professional Fees

The accounting projection is based on \$530 average per month for general bookkeeping and payroll. In April, accounting will also provide Income Tax Filing. Also, we anticipate annual accounting fees for payroll tax, and the Nevada Transportation Authority annual report. Yearly cost is anticipated at \$6,337.

Payroll Tax

FICA tax over payroll is 6.2% for Social Security and 1.45% for Medicare, plus 2.95% for Unemployment Insurance. Total payroll taxes is about 10.6% of Salaries & Wages, for a total of \$82,380 per year (an average of \$6,865 per month).

This projection includes credit card service and fees associated with our credit card machine that will process payments from customers using a credit/debit card. Our bank charges an average 2.5% processing fee (depending the type of card) per transaction, and we estimate 60% of our income will be paid via credit/debit card. This represents a total 1.5% of fees over total gross income (\$31,685 per year). The monthly rental and service charge for the terminal and account is \$95. Additional Bank charges are estimated for monthly statements and credit card services for an additional yearly projection of \$973. Total yearly projection is \$33,798.

Total projected cost of sales plus expenses for the first year are \$1,468,147

Total projected income for the first year is \$2,112,318.

This projection estimates a net profit of \$644,171

5 Towing for a Certificate of Public Convenience

7 State of Nevada)

Docket No.: 19-07034

**Motion to Dismiss Application and
Notice of Hearing**

8 Jennifer DeRose, Deputy Commissioner (the “Deputy Commissioner”) of the Nevada
9 Transportation Authority (“NTA” or the “Authority”), moves that the NTA Commissioners dismiss the
10 application of True Towing, LLC d/b/a True Towing, Docket Number 19-07034 (“True Towing” or the
11 “Applicant”). This Motion to Dismiss Application and Notice of Hearing (this “Motion”) is made and
12 based upon the Application, the Memorandum of Points and Authorities that follows, and any argument
13 and/or evidence presented at the Hearing of this matter.

14 **Memorandum of Points and Authorities**

15 **I. Jurisdiction**

16 The NTA has jurisdiction over tow operators in Nevada.¹ Applicants for any such authority, such
17 as True Towing, must submit an application and specific information to the NTA relative to the same.²
18 The Deputy Commissioner shall move for dismissal of deficient applications.³ Thus, the NTA has
19 jurisdiction to hear and rule on this Motion.

20 **II. Background Facts**

21 On July 26, 2019, True Towing filed an application with the NTA, which was designated as
22 Docket No. 19-07034 (the “Application”). In its Application, Exquisite Towing requested authority to
23 provide consent only tow car service within the State of Nevada.

24 On December 18, 2019, the Authority approved Tru Towing’s Application. On December 27,
25 2019, the NTA issued its associated signed Order, providing a compliance period set to expire on April
26 27, 2019.

27 ¹ See NRS 706.386; and NRS 706.444 through 706.453.

28 ² See NAC 706.1376.

³ See NAC 706.1376(3).

1 Thereafter, the Applicant was granted a 90 day extension and subsequently on August 21, 2020
2 filed a Motion to extend the compliance period for an additional 90 days from July 27, 2020. The
3 Authority granted Applicant's Motion at the September 17, 2020 General Session, making the new
4 expiration date October 27, 2020.

5 Since that time, the final compliance conditions still have not been met and there has been no
6 further contact made by the Applicant. Therefore, this Application is now considered abandoned.

7 Accordingly, True Towing abandoned the Application, requiring dismissal of the same.

8 **III. Argument**

9 Applicants for tow authority must provide various specific information with their application.⁴
10 Pursuant to its regulations, Staff normally notifies Applicant about such omissions and deficiencies in
11 writing.⁵ Thereafter, the Applicant must cure the omissions and deficiencies within 15 working days.⁶

12 Here, True Towing abandoned the Application. In particular, while NTA Staff has been waiting
13 for the Applicant to meet the compliance conditions even passed the extended period, there has been no
14 response from the Applicant for now several months.

15 Accordingly, the Deputy Commissioner has satisfied the requirements for dismissal.

16 **IV. Conclusion**

17 The Applicant failed to prosecute the Application in good faith. The Deputy Commissioner has
18 satisfied the requirements for dismissal and, therefore, hereby moves that the NTA grant this Motion at
19 their next agenda meeting.

2 asked who the second driver, Adrian Maya Leon (“Mr. Leon”), was Ms. Rodriguez indicated that this
3 was her husband and that he would be managing the towing business.

4 On February 20, 2019, Compliance Audit Investigator Karen Rayson told Ms. Rodriguez that her

RE: Request for Advisory Opinion

To NTA Commission,

We would like to request for an advisory opinion on our current extension of our route between St George, Utah and Reno, NV. Salt Lake Express has partnered with NDOT on this project to extend our routes. I have attached the contract between Nevada Department of Transportation and Salt Lake Express with this email. It was approved by Susan C with the Board of Examiners on 3/09/2021 with Deputy Attorney General Shane Chesney and Kristina Swallow with NDOT. Our contact at NDOT is Graham Dollarhide Transit Program Manager Multi-Model Planning and Development cell 775-762-8264 and email is Gdollarhide@dot.nv.gov.

In 2016, we were operating the service between St George and Las Vegas that connects with our other routes from Northern Utah, Idaho Wyoming and Montana and were seeking to add a stop in Mesquite, NV as well as seeking charter authority. We started the process to get authority for the following statutes: NAC 706.015 Airport Transfer service and NAC 706.034 Charter Bus Service in mid 2016. We received a Petition for Leave to Intervene and had a call with then Attorney General David Newton on Friday March 17, 2017 at 10:00AM to determine if that Petition would be granted. Attorney General David Newton told us on the call to drop the NAC 706.015 as we did not need it. He told us that we did not need authority NAC.706.015 if the bus itself originated from outside the state. Who it picked up along the way to Las Vegas did not matter because it crossed state lines. So, when we started this new extension to Reno on Monday March 15, 2021 under this guidance we received on this call on March 15th, 2017 that as long as the bus was not housed or dispatched in Nevada we did not need additional authority. And, because we don't have a bus facility in Nevada, this was a good solution to be compliant with NTA rules and still start the service until we could add the additional authority. This service is so desperately needed in this region. We are an intercity bus carrier and provide services exactly like Greyhound and are building a large intercity bus network in 6 states that connects and interlines with Greyhound in the Nation-wide Intercity Bus Network. We are members of NBTA and sell seats from locations all over the United States. With this new extension people from all over the United States can now access these rural towns between Las Vegas and Reno,NV.

Our USDOT#524401 and I have attached our Safety Rating from the FMCSA website documenting that number. Our Interstate Commerce Commission motor carriers number is MC-263716.

NTA officers were waiting for us at the Sparks Terminal because of the press release sent out by NDOT on Friday March 12, 2021. We received two citations on March 15, 2021. One is for use of

vehicles beyond the scope of authority NAC706.360. And the other is for Inspection of vehicles NAC 706 379. Citation number 23151.

SLE have sold millions of fixed route intercity bus tickets and served thousands of charter clients' worldwide for over (26) years. Salt Lake Express is owned by Jacob and Lori Price. I have attached the contract with NDOT that contains the Scope of Services. The only change we have made to our Scope of Service is that the bus is dispatched from St George, Utah and the driver overnights at a hotel in Reno and returns to St George the next day.

Despite Covid-19 and the reduction of frequency, Salt Lake Express has continued operating all routes. Salt Lake Express remains diligent in providing intercity travel for essential workers and travelers. The ridership is slowly returning and we are confident that the ridership will return to Pre-Covid-19 levels by mid 2021.

SLE is defined as an intercity bus carrier as defined by FTA:

- Open to the general public
- Regularly scheduled service (service offered seven days a week)
- Fixed-route
- Fixed schedule
- Capable of carrying baggage and freight
- Provides a meaningful connection (in terms of coordinated stop locations, schedules, and information) to the national system of intercity bus transportation.

Here are the only locations of our Bus Storage and Maintenance Shops:

St George Utah Bus Storage & Shop	Logan Utah Bus Storage & shop	Salt Lake City Bus Storage & Shop	Rexburg Idaho Bus Storage & Shop
3828 S. 1700 E.	110 W 3760 N	2175 S 3140 W	785 S Railroad Ave
St George, UT. 84790	Hyde Park, UT. 84318	West Valley, UT.84119	Rexburg, ID. 83440

SLE has many shared stops with Greyhound, Amtrak and their many transit partners as well as many airports and local transit services throughout the Rocky Mountain West. These stops are convenient for riders to connect between transit services. The connecting services are in the same facilities and do not require the rider to walk between facilities to transfer. Salt Lake Express works hard to ensure that all passengers if at all possible can seamlessly travel from their origin to their

destination wherever it may be. All of the routes connect with each other creating a seamless operation of intercity fixed route bus services for passengers traveling for business or pleasure. SLE has a reservationist line open 24/7 with several reservationists standing by to take a reservation or answer questions. About 78% of our reservations are made online and 22% are called in on our 800-356-9796 phone line. SLE has a website address at www.SaltLakeExpress.com. There are three (3) 24 hour call centers. You can reach them 24/7 at 800-356-9796. SLE employs 35 reservationists in their three call center locations. The locations are listed below:

Rexburg Idaho Call Center	Idaho Falls Idaho Call Center	St George Call Center
785 S Railroad Ave	1520 Grandview Ave	805 S Bluff St
Rexburg, ID. 83440	Idaho Falls, ID. 83402	St George, UT 84770

In conclusion, please allow us to continue operation of this very important region that currently has no options for transportation. We only seek to adhere to all the rules and regulations put forth by NTA and always strive to be in compliance with all the rules and regulations put forth in all the six states in which we operate our intercity bus services. We had this guidance in March of 2017 and made the decisions to extend our routes based on this information. We are currently working with Liz Babcock on getting the authority to operate this route based out of Las Vegas and one out of Reno. But, that will take time and we need to provide this service as we have already sold many tickets for the next few months from the Nationwide Intercity bus Network from Greyhound ticketing and other carriers connecting from all over the U.S into this rural area between Las Vegas and Reno. As I stated earlier, the bus will be dispatched and depart St George, UT with passengers from all over the U.S and will overnight in Reno, NV and return to St George the next day. This will be our scope of service until we get the authority to dispatch the bus between Las Vegas and Reno, NV. Thanks so much for taking the time to review this and look forward to your advisory opinion on this matter. Please feel free to contact myself or Jacob Price the owner with any questions or clarifications.
