- (D) When an order under this rule is received by the carrier after the shipment has been delivered to a connecting carrier such order will be promptly transmitted direct to the connecting carrier, when responsibility of the first carrier will end and the shipment will be subject to the rules of the carrier on whose lines the order is accomplished.
- (E) An order for diversion must be made or confirmed in writing and an order for diversion which specifies that a particular rate is to be protected will not be constructed as obligating carrier to protect other than the lawful rate and charges as provided for under this rule.
- (F) Charges on a shipment that has been diverted will be assessed at the lawfully applicable rate from the origin to a destination via the point of diversion over the route of movement, plus the charges as provided for in paragraph (G). In the event that a back-haul is involved over the line or route of movement in the direction of the point of origin, charges will be assessed at the rate applicable to and from the point of diversion plus the additional charge as provided for in paragraph (G).
- (G) The charge for diversion will be: Clark County twenty-five dollars and ten cents (\$25.10), all counties except Clark County twenty-eight dollars and fifteen cents (\$28.15), which charge is in addition to all other charges lawfully applicable.
