FUEL SURCHARGE TABLE AND RULES

The following Fuel Surcharge Rules will apply to carriers who are authorized to provide charter service by limousine and who are authorized to charge and collect a fuel surcharge:

1. The price of regular and diesel fuel is an amount equal to the retail price per gallon of regular and diesel fuel effective for the 25th calendar day of the immediately preceding month determined according to the United States Department of Energy (DOE), Energy Information Administration (EIA) survey on Weekly Retail Gasoline and Diesel Prices, Regular Grade - West Coast (PADD 5) and Weekly Retail Gasoline and Diesel Prices, Diesel, All Types - West Coast (PADD 5). The prices may be obtained by calling the DOE, EIA at (202) 586-8800 or via the DOE, EIA web site at www.eia.doe.gov, via the "Petroleum" link.

2. If the 25th day of the calendar month is a Federal holiday, the price will be determined based on the stated DOE price available on the next subsequent business day.

3. The DOE fuel price obtained will then be indexed based on the matrix set forth below to determine the fuel surcharge. The fuel surcharge will apply for all charter limousine transportation beginning on the 1st day of the following month and will remain in effect through the last day of that calendar month.

4. The fuel surcharge will be added on an hourly basis utilizing the matrix set forth below. The resulting charge is in addition to all other applicable transportation charges.

The following rules apply to carriers who provide passenger transportation, excluding airport transport service:

Pursuant to Nevada Legislative Senate Bill No. 376
Sec. 36. Section 51 of Assembly Bill No. 175 of this session is hereby amended to read as follows:

Sec. 51. 1. Except as otherwise provided in subsection 2 and in addition to any other fee or assessment imposed pursuant to this chapter, an excise tax is hereby imposed on the connection, whether by dispatch or other means, made by a common motor carrier of a passenger to a person or operator willing to transport the passenger at the rate of 3 percent of the total fare charged for the transportation, which must include, without limitation, all fees, surcharges, technology fees, convenience charges for the use of a credit or debit card and any other amount that is part of the fare. The Department of Taxation shall charge and collect from each common motor carrier of passengers the excise tax imposed by this subsection.

2. The provisions of subsection 1 do not apply to an airport transfer service.

3. (Intentionally omitted)

4. As used in this section, “airport transfer service” means the transportation of passengers and their baggage in the same vehicle, except by taxicab, for a per capita charge between airports or between an airport and points and places in this State. The term does not include charter services by bus, charter services by limousine, scenic tours or special services.

NOTE 1: The passenger transportation recovery charge must be passed along to all customers.

NOTE 2: The 3% passenger transportation recovery charge must be shown separately from the total fare as defined above.
At all times commercial transportation carriers are required to ensure the safety of their passengers. In response to COVID-19, Bell Trans has taken extra steps to ensure the protection and safety of our drivers and passengers. These steps are based on CDC guidelines for commercial motor carriers, in conjunction with Nevada OSHA guidance and recommendations for best practices published by the Nevada Transportation Authority. In order to provide these extra safety measures a COVID-19 Safety Fee will be imposed on all charter trips.
