**NTA LIFTS THE RESTRICTION ON ALL TOW CAR CARRIERS  
THAT TOW FOR RESIDENTIAL COMPLEXES UNDER NRS 706.4477**

---

The NTA lifted the restriction on all Tow Car carriers for residential complexes as of this day, June 24, 2020. You may resume doing business as you once did prior to March 30, 2020.

In late March, the governor's office advised the NTA that it had received complaints of overzealous enforcement of parking regulations at residential complexes leading to burdensome costs for citizens attempting to live under the virus mandates.

Tow Car carriers were limited to essential services during the early days of the COVID-19 pandemic when some families had to take in relatives to make ends meet, many without a paycheck. You played an important role in making sure families were not overly burdened in certain instances.

Thank you for your cooperation with the governor's office and the NTA. Governor Sisolak counts on great citizens as you. We still have a long road ahead of us with this horrific virus so please be careful and be safe.
