WAREHOUSE PERMIT ANNUAL FEE – RENEWAL FORM

ANY CARRIER WHO HAS TEMPORARILY SUSPENDED OPERATIONS FOR ANY REASON WILL NOT BE ABLE TO COMPLETE CY2025 PERMIT RENEWALS UNTIL THEY HAVE COMPLETED REQUIREMENTS TO RESUME OPERATIONS.

All carriers certificated by the Nevada Transportation Authority (NTA) must pay an annual fee of \$50 for their warehouse permit pursuant to Nevada Revised Statute (NRS) 712.050.

All warehouse permit(s) for storage of household goods will expire at midnight December 31, 2024. The \$50 fee for the “2025” permit is due in either of our office locations no later than 5:00 p.m., Thursday, January 2, 2025.

Summary of procedure:

- Warehouse permits are only eligible for renewal if the warehouse location has not changed from prior approval. A new warehouse location will require the submittal of a new application.
- Permitholders must provide written notification to the Authority regarding the discontinuance of warehouse service, if applicable.
- All Warehouse Permit holders must ensure timely notification in writing to the Authority regarding any changes to the list of Authorized Carrier Contacts established upon permit approval. Updates must be provided by permit owner and/or designated management personnel and can be emailed to nta@nta.nv.gov (preferred method), faxed to (702) 486-2590, or mailed/hand-delivered to either NTA office location.

All carriers must provide a completed renewal form, including the payment of \$50 by mail or hand delivery to either of our address locations. Upon receipt of your payment, NTA will issue a receipt and the “2025” permit will be issued upon expiration of the current year. Failure to renew the permit timely will result in penalty fees and interest and will result in the Nevada Transportation Authority enforcement staff taking appropriate action.
