Approved 2-0

DISCUSSION ITEM / RULEMAKING ADOPTION

- 6.** The Nevada Transportation Authority will consider adoption of a new regulation – NAC 706.411 – establishing the life circumstances outside of a vehicle owner's control which requires a hardship tariff discount, the evidence that must be accepted and the required discount as required by NRS 4477(7). A copy of the proposed regulation is attached. *Michael Baumbach thanked staff for considering the comments they submitted and the changes that staff made. Commissioner Assad offered a statement that he could not support the regulations. Commission Groover stated the opinion that the work done on the language had cleaned up the regulation, stated that this is a temporary regulation and that sending it back to the legislation to finalize may be more harmful to the carriers and the public. Brent Miller, Code Blue Towing, offered a statement. Deputy Attorney General Kunnel stated it appears there is not a majority for or against. Her suggestion was these regulation discussions be continued to a later date. Commissioner Assad made the motion to refer the regulations back to the Legislature to be calendared for the upcoming legislative year and ask for further clarification. Commissioner Groover*

questioned how that might be done. A discussion ensued regarding referral back to the Legislature or LCB, the procedure, if any, and if the Attorney General can detail the process to be used. Motion to ask the Attorney General to research the process of referral back to the Legislature and or LCB – Approved 2-0
