Commissioner Adam Teti expressed his concern about wording in items 104, 105, 118, 119, 120, 121, and 122 which stated that there would be fines for future violations of NAC 706A.240(2), given his understanding that the NTA could impose penalties in the form of removal from a TNC platform, not fines.

Commissioner Louis Csoka commented that he was not involved in the adjudication of the matters which Commissioner Adam Teti expressed concern about and suggested that the Board take a vote on the remaining Citation matters and that he would be able to provide his input on the items that would be pulled out of the block vote.

Vote taken to approve the Citation orders except for items 104, 105, 118, 119, 120, 121, and 122:
Items 10 through 147 were considered collectively with the exception of items 104, 105, 118, 119, 120, 121, and 122
Motion made by Commissioner Teti
Seconded by Chairman Hartung
Approved 2-0

Commissioner Csoka explained for items 104, 105, 118, 119, 120, 121, and 122 that these were matters which were prosecuted by Deputy Attorney General Radhika Kunnel and therefore they did not present a conflict of interest which would require him to recuse himself. With regard to the legal question of whether a fine can be imposed for violations of NAC 706A.240(2), Commissioner Csoka explained that the remedy available with relation to drivers is either a warning, a finding of a violation without a fine, or disqualification of a driver in the event of repeat violations. Monetary fines as remedies against drivers are not available under NAC 706A. Therefore, Commissioner Csoka expressed his opinion that the orders needed to be amended to remove language about monetary fines.

Vote taken to approve the Citation orders for items 104, 105, 118, 119, 120, 121, and 122 with amendments removing the language related to monetary fines:
Items 104, 105, 118, 119, 120, 121, and 122
Motion made by Commissioner Teti
Seconded by Commissioner Csoka
Approved 3-0

Chairman Vaughn Hartung disclosed that he had a phone conversation with Attorney Brent Carson, who has filed a protest on this docket, and while the Chairman offered no comments, opinions or conclusions

on the phone call, he recused himself from the item in an abundance of caution in order to avoid any possible appearance of impropriety. He asked Commissioner Teti to assume the role of Chairman for the discussion on this item and run the meeting.

Commissioner Csoka expressed his intention to participate in the discussion on this docket item, given his limited involvement in matters related to the item, namely providing his opinion that the applicant did need to apply for a license with the NTA. Besides that involvement, Commissioner Csoka had no other involvement on the matter.

Deputy Attorney General Radhika Kunnel agreed with Commissioner Csoka's characterization of his involvement on the matter and her opinion that no conflict of interest is presented by Commissioner Csoka's participation in this discussion on this docket item.

Administrative Attorney Yoneet Wilburn expressed the same conclusion as Deputy Attorney General Radhika Kunnel. Administrative Attorney Wilburn stated that she believed, with reference to the NTA's regulatory framework, that this matter is properly regulated by the NTA and not the Taxicab Authority, as was suggested at a recent meeting of the Taxicab Authority.

Ashley Steinberg and Tyler Fairbanks were present to represent Paradise Transportation Company and fielded questions from the Commissioners.

Financial Analyst Garrett Hammack summarized Paradise Transportation Company's Application information and the investigation done by the NTA, and indicated that the NTA supports Paradise's Application.

Brian Hardy, Esq., spoke in opposition to Chairman Vaughn Hartung's decision to recuse himself from the matter, as he felt it deprived the public of the opportunity to petition their elected official.

Chairman Adam Teti asked Paradise Transportation Company whether they would consider a waiver to allow Chairman Vaughn Hartung back to the Board for the discussion on this item. Ashley Steinberg responded that she would be open to a waiver.

The applicant, Paradise Transportation Company, gave a waiver allowing Chairman Vaughn Hartung to return to the Board for the matter. Additionally, Attorney Brent Carson withdrew his Petition for Leave to Intervene from consideration so there would be no potential conflict of interest in Chairman Hartung ruling on the matter. Chairman Hartung reversed his recusal and rejoined the Board.

The Commissioners asked further questions of Tyler Fairbanks and Ashley Steinberg of Paradise Transportation Company relating to operation of rides and the specifics of the proposal by the applicant.

The Board discussed whether Attorney Kimberly Maxson-Rushton's Protest and Renewed Petition for Leave to Intervene was a protest or petition for leave to intervene for the purposes of the discussion at the Agenda, given that the latter categorization would require further noticing in order to discuss it at the Agenda.

Vote taken to treat the Protest and Renewed Petition for Leave to Intervene filed by Attorney Kimberly Maxson-Rushton as a protest for the purposes of the October 9, 2025 General Session Meeting's proceedings:
Item 153
Motion made by Commissioner Csoka
Seconded by Chairman Hartung
Approved 3-0

Ed Finger, Chief Strategy Officer of the Las Vegas Convention Visitors Authority commented in support of Paradise Transportation Company's application, citing the necessity of further options and optimization for the Vegas Strip corridor.

Mariano Locascio spoke in opposition to Paradise Transportation Company's application, specifically with regards to the proposed per-capita pricing on rides.

Paul Adams, a driver for Yellow-Checker-Star Taxi Company, spoke in opposition to the application, believing the proposal would hurt taxi companies and drivers.
Michael Bailin, General Manager of Taxi Management, spoke in opposition to the application due to the effect he believed it will have on taxi drivers.

Melanie Rogers, a driver for Yellow Cab, spoke in opposition of Paradise Transportation Company's application.

Athena Eliades, a member of the Board of Directors for Taxi Management, spoke in opposition of Paradise Transportation Company's application, stating her belief that they should instead be regulated through the Taxicab Authority and have to apply for a medallion.

Armentha Ceasar, a driver for Yellow-Checker-Star Taxi Company, spoke in opposition to the application due to her belief that taxi companies cannot compete with the prices being offered by the applicant.

Alan Waxler, AWG Ambassador, spoke in opposition to the application because he believes the applicant is encroaching on existing businesses' markets.

Jose Bonifaz, a driver for Yellow-Checker-Star Taxi Company, commented in opposition to the application due to the effects on taxi drivers its approval would have.

Juan Beltran commented in opposition to the application due to his belief that there would be no incentive for the applicant to complete the tunnels if approved.

Attorney Kimberly Maxson-Rushton spoke in opposition to the application, specifically stating that her clients should be recognized as a party to the matter as intervenors, that a market for the applicant has not been demonstrated, that there has been no demonstration of safety on the project, and that there is a lack of financial solvency for the applicant. Additionally, Ms. Maxson-Rushton asserted that the authority sought by the applicant is improper for the types of transportation they are seeking to provide.

Attorney James Kent spoke in opposition to the application and denial of Ms. Maxson-Rushton's Petition for Leave to Intervene. Mr. Kent spoke about aspects of the application which he felt were lacking in substance and should lead to denial of the application. Additionally, Mr. Kent stated that the order should not allow an unlimited amount of vehicles for the applicant, which it showed as drafted.

Attorney Brent Carson spoke in opposition to the application, specifically opining that moving forward on the application may be a violation of Open Meeting Law due to the breadth of redaction in the publicly available version of the application.

Attorney Patricia Erickson spoke in opposition to the denial of the Petition for Leave to Intervene, as she stated the legal jurisprudence relied upon in the order denying the Petition for Leave to Intervene was not applicable, as substantially different facts apply in the case of that precedent.

Tyler Fairbanks, Paradise Transportation Company, commented in response to several of the points raised during public comments on the application, specifically addressing the type of authority the applicant is seeking, safety on the project, progress on approval of airport service, and operations on a trip-to-trip basis.

Ashley Steinberg, Paradise Transportation Company, additionally commented on the safety of the project, and the applicant's market being demonstrated.

The Board asked clarifying questions of the representatives from Paradise Transportation Company regarding the company's plans and intentions in utilizing a Certificate of Public Convenience and Necessity.

Chairman Vaughn Hartung expressed a discomfort with granting a blanket approval to the application, instead hoping to condition the approval in some way, perhaps by requiring certain milestones to be reached within a certain timeframe with respect to the applicant's proposed tunnel system.

Commissioner Louis Csoka clarified with Attorney Yoneet Wilburn that the application was initially only necessary due to the vehicles exiting the Vegas Loop tunnels in order to access the airport, and that the NTA would not have any jurisdiction over the transportation that occurs solely within the tunnels. Chairman Vaughn Hartung expressed concern over the scope of proposed order, which he felt could authorize transit outside that scope.

Commissioner Adam Teti similarly expressed a willingness to condition the approval on construction milestones being completed within a certain timeframe, and expressed concern over the unlimited vehicle fleet size in the proposed order as well as the seemingly unlimited distance of above-ground transport allowed on each trip.

Tyler Fairbanks, Paradise Transportation Company, expressed a willingness to comply with conditions on approval of their application such as a timeline of construction milestones.

The Board discussed what changes they would make to the proposed order, relating to vehicle fleet size, distance travelled outside of the tunnels, and construction milestones they would like to see the applicant meet on their overall proposal. Administrative Attorney Yoneet Wilburn recommended against putting specific milestones for construction of the tunnels due to the condition being overly restrictive. The Board considered putting a timeframe on the Certificate of Public Convenience and Necessity within which the applicant would need to come back before the full Authority for a status check.

Vote taken to approve with the following modifications to the draft compliance order; the applicant will be limited to 102 vehicles in their fleet until such time as the applicant applies for an expansion; status checks will be conducted every six (6) months to assess whether the applicant is exhibiting best efforts to complete their tunnel project—with those held at the two (2) and five (5) year marks to be held in front of the Full Authority—and the Certificate of Public Convenience and Necessity will be subject to revocation at the five year mark if best efforts have not been made; and each ride will be subject to a four (4) mile maximum of above-ground transit:

DISCUSSION ITEMS

9. Docket 25-08001 Discussion of change in NTA policy relative to the enforcement of NRS 706.171 and NAC 706.194, for all licensed carriers and a waiver to allow NTA access to records maintained by a third party. – ***FOR POSSIBLE ACTION***

Commissioner Louis Csoka explained that he had originally proposed this discussion item when he was acting as Senior Deputy Attorney General for the NTA, but declined to recuse himself from the vote on the matter because there is no party to the matter.

Administrative Attorney Yoneet Wilburn clarified the purpose of this discussion item is to allow the NTA to continue to act in their regulatory capacity when companies use a third party to manage their records, which was something that was not considered at the time of the drafting of the Agency's regulations. Additionally, Ms. Wilburn clarified that the responsibility would fall upon the carriers to sign a waiver with the third party to allow the NTA access to those records.

Item 9
Motion made by Commissioner Teti

10. Docket 25-08012 Discussion regarding NTA policy on what would be considered acceptable and in compliance with NRS 706.124 definition of a taxicab within the State of Nevada, excluding Clark County. – ***FOR POSSIBLE ACTION***

The Board expressed their view that NRS 706.124 is straightforward, and that the question at hand is what, if anything, needs to be done to move a vehicle that does not comply with that section into compliance. They expressed reticence at the prospect of creating new policy without any representative from the industry being present at the Meeting.

Administrative Attorney Yoneet Wilburn brought to the attention of the Commission that certain vehicles that are currently in service are not in compliance with NRS 706.124.

Chief Compliance Audit Investigator Desiree Main gave background as to why certain vehicles were allowed to go in service while being out of compliance with NRS 706.124, which had to do with COVID exceptions.

Chairman Vaughn Hartung commented his opinion that going forward, no vehicles should be allowed in service which do not comply with the clear requirement set forth in NRS 706.124. Chairman Hartung also questioned to what extent the NTA could regulate the vehicles which have already been put into service while being out of compliance.

Commissioner Louis Csoka recalled the doctrine of equitable estoppel, which prevents the NTA from reversing past decisions, even when those decisions were erroneous at the time. However, going forward, Commissioner Csoka expressed his opinion that those vehicles should not be approved in that fashion, and that vehicles that are made with larger capacity should only be found to be in compliance with NRS 706.124 if the excess seating capacity is lowered by removing seats.

Chief Compliance Audit Investigator Desiree Main informed the Commission that certain vehicles that were not in compliance with NRS 706.124 have been put into service as recently as within the past 30 days.

Commissioner Louis Csoka suggested tabling this item until the next General Session Meeting, giving time for Staff to discuss the item. Commissioner Adam Teti expressed concern that there would be an influx of carriers applying to have vehicles that do not comply with NRS 706.124 added to their fleet in that time. Chairman Vaughn Hartung suggested putting a pause on approvals for vehicles that do not comport with the section.

Vote taken to table item until the next General Session Meeting, placing a moratorium on approvals of vehicles that do not comport with NRS 706.124 until such time as a policy directive has been approved with regard such vehicles:
Item 10
Motion made by Chairman Hartung
Seconded by Commissioner Csoka
Approved 3-0

11. **Docket 25-08013** Discussion regarding NTA consideration of requests for a regulatory deviation under NAC 706.1305, from the maximum vehicle service life limits currently imposed by NAC 706.3745 for taxicabs operating in Washoe County – ***FOR POSSIBLE ACTION***

Chairman Vaughn Hartung indicated that he brought this discussion item to the Board due to the policy discrepancy between vehicle service life limits within and without Washoe County. Chairman Hartung clarified that he would like to be able to consider deviations only when the vehicle in question is still shown to be road-worthy.

Commissioner Adam Teti expressed some concern over the potential of granting a deviation for a vehicle with high road miles driven. Chairman Vaughn Hartung clarified that nothing in this policy exempts the vehicle from going through a thorough inspection.

Commissioner Louis Csoka expressed some concern that approval of this Agenda item may constitute or be looked at as ad-hoc rulemaking. However, Deputy Attorney General Ryan Sunga and Administrative Attorney Yoneet Wilburn disagreed, clarifying that this Agenda item asks the Commission to employ a certain framework when considering deviations under NAC 706.3745, which is something that is within the Authority's power to do.

12. **Docket 25-08019** Discussion on updating language included on any newly-issued certificate of public convenience and necessity (CPCN), designating those specific service areas where such a carrier may operate. **–** ***FOR POSSIBLE ACTION***

Chairman Vaughn Hartung expressed his confusion with the wording on Certificates of Public Convenience and Necessity relating to carriers' geographic authority. Chairman Hartung read the proposed revisions to the language of that authority. Chairman Hartung additionally clarified that any action by the Commission on this item would not affect existing Certificates, but would be applied to any new or updated Certificates.

Commissioner Adam Teti expressed his desire for standardization of the language to be used on future Certificates, and asked Staff to propose simplified options for the language that cover all possible versions of geographic authority granted to carriers.

Attorney James Kent commented that the first option for carrier authority presented to the Commission would be a deviation from the authority that has been granted to carriers in the past. Applications Manager Liz Babcock expressed that the authority proposed in that option did exist prior to the rewrite propositions but was not expressly stated. Commissioner Adam Teti suggested tabling the item to give Staff the opportunity to rewrite the options.

This item was tabled until the next General Session Meeting.

BEFORE THE NEVADA TRANSPORTATION AUTHORITY

In Re: the impoundment pursuant to NRS 706.476 of a vehicle registered to and Citation 24102 to Reynaldo Fernandez for violations of NRS 706.386 and NRS 706A.280.	)))))	Impound 4820 and Citation 24102

At a general session of the Nevada Transportation Authority held on November 6, 2025.

PRESENT: Chairman Vaughn Hartung
Commissioner Adam Teti
Commissioner Louis V. Csoka
Deputy Commissioner Todd Park

ORDER

On September 16, 2025, a hearing on the above-captioned matters was held before Commissioner Adam Teti, serving in his capacity as Hearing Officer for the Nevada Transportation Authority ("Authority"). The Respondent to Citation 24102 and registered owner of the impounded vehicle, Reynaldo Fernandez, was present and elected to proceed without legal counsel.

After hearing the allegations, the respective arguments, and having considered the evidence introduced by both parties and being fully advised, the Hearing Officer, pursuant to Nevada Administrative Code ("NAC") 706.4015, prepared a proposed decision for review by the Authority. Based on that proposed decision, the Authority enters the following final order affirming the decision of the Hearing Officer. Under Nevada Revised Statutes ("NRS") 706.151, the Authority has legal jurisdiction and authority over this matter.

At hearing, the parties knowingly and voluntarily stipulated and agreed as follows:

1. To the admission of Citation 24102, the Investigation Report for the Citation and related impound into evidence (identified as State's Exhibit 1 and incorporated herein by reference) and that the facts as set forth therein were true and accurate;

2. That Reynaldo Fernandez is the registered owner of the impounded vehicle in this matter and was present at the hearing regarding said vehicle;
3. That the use of the vehicle in intrastate commerce without a certificate of public convenience and necessity ("CPCN") violated NRS 706.476 (2)(b)(2) and (3) in that:
    a. No CPCN had been issued authorizing the use of the impounded vehicle in intrastate commerce for passenger transportation; and
    b. The impounded vehicle did not meet the required standards of the Authority;
4. That no CPCN had been issued by the Authority authorizing the operations undertaken by the Respondent in this matter;
5. That the Respondent's actions constituted one violation of NRS 706.386 as alleged and that the impoundment of the vehicle pursuant to NRS 706.476 was proper;
6. That the Respondent's actions constituted a violation of NRS 706A.280 (in that he solicited a passenger for off-app transportation);
7. That a fine be assessed in the amount of $5,000.00 for the NRS 706.386 violation with $4,500.00 of said fine amount suspended pending no further violations of NRS 706 or NAC 706 within two years and timely payment of the fine amount;
8. That no fine or disqualification be imposed for the NRS 706A.280 violation; and
9. To waive the requirement that the Authority's final order contain formal Findings of Fact and Conclusions of Law as required under NRS 233B.125.

Authority Staff recommended that a fine be assessed in the amount of $1,000.00 for the impoundment of the vehicle in this matter.

Respondent requested a reduction in fines due to financial hardship.

3. That findings enter against the Respondent for one violation of NRS 706.386, relating to operating as a fully regulated carrier without authority and for one violation of NRS 706A.280, relating to providing passenger transportation services outside the TNC application; and
4. That a fine be assessed in the amount of $800.00 for the impoundment of the vehicle in this matter.

ORDER

IT IS THEREFORE ORDERED, based on the foregoing:

1. That the recommendation of the Hearing Officer with regard to the impoundment of the vehicle pursuant to NRS 706.476 is hereby AFFIRMED;

5. That *no fine* or disqualification be imposed for the NRS 706A.280 violation;

In Re: Citations 25068 for violation of NRS 706.386 and NRS 706.758 and Impound I-5466 issued to William Toh	))))	Citation 25068 Impound I-5466

At a general session of the Nevada Transportation Authority held on November 6, 2025.

PRESENT: Chairman Vaughn Hartung
Commissioner Adam Teti
Commissioner Louis V. Csoka
Deputy Commissioner Todd Park

ORDER

On October 7, 2025, a hearing on the above-captioned matters were held before Commissioner Adam Teti, serving in his capacity as Hearing Officer for the Nevada Transportation Authority ("Authority", "NTA"). The cited party, William Toh, ("Respondent"), appeared for the hearing, and chose to proceed without legal counsel.

After hearing the allegations, the testimony of both parties, the respective arguments, and having considered the evidence introduced by the parties present at the hearing and being fully advised, the Hearing Officer, pursuant to Nevada Administrative Code ("NAC") 706.4015, prepared a proposed decision for review by the Authority.

Based upon the proposed decision, the Authority makes the following Findings of Fact and Conclusions of Law, which constitute a final order affirming the decision of the Hearing Officer. Any Finding of Fact that would be deemed a Conclusion of Law or vice versa shall be so construed. Under Nevada Revised Statutes ("NRS") 706.151, the Authority has legal jurisdiction and authority over this matter.

FINDINGS OF FACT

The Authority finds that there is substantial evidence in the record delivered by the Hearing Officer, which contains the legal evidence presented at the hearing, to establish each of the facts hereinafter set forth in these Findings of Facts:

1. NTA Supervisory Enforcement Investigator Christopher Yambor offered the following testimony. Supervisor Yambor and his team, Investigators Justin Hooser and Audy Viloria received calls from Paris security that they saw the Respondent in their Rideshare area trying to solicit for cash rides over multiple days. Supervisor Yambor, Investigator Hooser and Investigator Viloria decided to stage at the Paris to conduct surveillance and see if they could catch the Respondent soliciting for cash rides. When at the Paris, Supervisor Yambor ran into Chief of Enforcement Dominic Del Padre and a Supervisor from the Taxicab Authority ("TA"). Investigators Hooser and Viloria were conducting surveillance in their state issued vehicle to backup Supervisor Yambor and help stop the Respondent if needed. Supervisor Yambor advised Chief Del Padre and the Supervisor from the TA his team spotted the Respondent multiple times in the past hour trying to solicit cash rides with no success in the past hour. Supervisor Yambor received a call from Investigators Hooser and Viloria stating they saw the Respondent pull into the Paris parking garage and engage in conversation. Supervisor Yambor testified he posted up in a vestibule inside the Paris garage and witnessed the Respondent speaking with two females. Supervisor Yambor was about 15 feet away from the Respondent and the females. Supervisor Yambor could hear parts of the conversation. Supervisor heard the words transportation however he did not hear a destination, nor did he hear a conversation about money or consideration for the ride. Supervisor Yambor testified the back and forth between the females and the

Respondent lasted about 2 minutes with the females eventually getting into the Respondent's vehicle. When Supervisor Yambor witnessed the females get into the Respondent's vehicle, he ran out of the vestibule and yelled, "William, police!" to try and stop the Respondent's vehicle. At this point the Respondent fled with the passengers inside is vehicle.

2. Deputy Attorney General Ryan Sunga ("DAG") asked some follow up questions. Supervisor Yambor testified he was familiar with the Respondent and his tactics based on his numerous encounters with the NTA Enforcement staff resulting in impoundments and issuance of citations for illegal passenger transportation. Supervisor Yambor testified he believed the Respondent was likely to flee and Supervisor Yambor knew he was engaging in illegal passenger transportation.
3. The Respondent cross examined Supervisor Yambor and asked Supervisor Yambor if he heard the Respondent ask for money or consideration from the females. Supervisor Yambor testified he did not hear any conversation about money or consideration related to the transportation of the two females.
4. On re-direct, the DAG asked Supervisor Yambor where he first saw the Respondent soliciting for rides. Supervisor Yambor stated he first saw the Respondent in the Uber/Lyft area and the drivers in that area to do provide transportation for free.
5. Investigator Hooser testified that he and Investigator Viloria were in their state issued vehicle conducting surveillance. They observed the Respondent enter the Paris garage and try to solicit for passenger transportation. Investigator called Supervisor Yambor to inform him of such. Investigator Hooser testified he and Investigator Viloria could not see the Respondent's contact with the females and they could not hear the Respondent's

conversation with the females. Investigator Hooser further testified he could not see anyone get into the Respondent's car. Investigator Hooser testified he received a call that the Respondent was speaking with two females. Investigator Hooser was then informed the two females entered the Respondent's car and the Respondent was fleeing. Investigators Hooser and Viloria tried to follow the Respondent and believed they could catch up with him before he exited the Paris garage, as you need to insert a parking ticket and payment for the garage arm to lift for exit. Investigators Hooser and Viloria saw the Respondent hit the Paris garage arm and damage it and leave the Paris at a high rate of speed. Investigator Hooser testified they lost sight of the Respondent at this point.

6. The State then rested its case.
7. The Respondent stated while his facts differed from the Investigators, he did not need to testify and wanted to make a legal argument.

CONCLUSIONS OF LAW

Based on the testimony of Supervisor Yambor and Investigator Hooser and the cross examination posed by the Respondent, the Hearing Officer found the State did not meet their burden to prove the two violations and the impound. The Hearing Officer did not state the impound and citation were improper, but rather the State did not meet their burden to prove the violations in the citation occurred. The Hearing Officer stated he did not have any testimony or evidence as to point to point transportation nor any testimony or evidence to prove consideration. The Investigative Report was not admitted into Evidence.

//

//

DISCUSSION

Based on the conclusion of law by the Hearing Officer, the Hearing Officer stated there would be no fines imposed on the Violations in the Citation and no fine for the impound and the vehicle was ordered released from the law enforcement hold.

ORDER

IT IS THEREFORE ORDERED, based on the foregoing Findings of Fact and Conclusions of Law:

1. That the recommendation of the Hearing Officer regarding Citation 25068 and Impound I-5466 be AFFIRMED.
2. That the violations in Citation 25068 be DISMISSED and the Respondent's vehicle ordered released from the NTA's law enforcement hold with no administrative fines.

The cited party, Reno Medical Transport, LLC dba GMT CARE, ("Respondent"), appeared for the hearing through owner Emil Bejgu who was represented by legal counsel Brent Carson.

After hearing the allegations, the testimony of both parties, the respective arguments, and having considered the evidence introduced by the parties present at the hearing and being fully advised, the Hearing Officer, pursuant to Nevada Administrative Code ("NAC") 706.4015, prepared a proposed decision for review by the Authority.

Based upon the proposed decision, the Authority makes the following Findings of Fact and Conclusions of Law, which constitute a final order affirming the decision of the Hearing Officer. Any Finding of Fact that would be deemed a Conclusion of Law or vice versa shall be so construed. Under Nevada Revised Statutes ("NRS") 706.151, the Authority has legal jurisdiction and authority over this matter.

FINDINGS OF FACT

The Authority finds that there is substantial evidence in the record delivered by the Hearing Officer, which contains the legal evidence presented at the hearing, to establish each of the facts hereinafter set forth in these Findings of Facts:

1. On September 22, 2025, the State, through Deputy Attorney General ("DAG"), Radhika Kunnel, had Applications Manager, Liz Babcock, available for testimony. First the State WITHDREW Violation 2, and asked that Violation 2, NAC 706.3612 (5) be DISMISSED. The Respondent, through legal counsel Brent Carson wished to question Ms. Babcock. The State waived direct examination and the Hearing Officer allowed Mr. Carson to question Ms. Babcock.
2. Mr. Carson questioned Ms. Babcock about the tariff the Respondent submitted with its original application bate stamped *RMT 00164*. Mr. Carson asked to have item Bate stamped *RMT 00164*, admitted as Respondent's Exhibit #1. Mr. Carson questioned Ms. Babcock about this exhibit. He asked Ms. Babcock if this was the tariff submitted with the original application. Ms. Babcock stated it was. Mr. Carson asked if the tariff matched the carrier's Certificate of Public Convenience and Necessity ("CPCN"), focusing on the phrase "Non-emergency medical transportation of passengers at a per capita rate between points and places within Washoe and Carson City County, Nevada on the one hand and points and places within the State of Nevada on the other". Ms. Babcock stated it did not match the CPCN. Mr. Carson asked Ms. Babcock if something like this has occurred in the past and if so, what usually happens. Ms. Babcock testified it has happened in the past and when it happened before, someone in the applications department catches it and calls the applicant

informing them they need to change their tariff to comply with what is stated on the CPCN. Mr. Carson asked if this happened in the case of Respondent's application and tariff. Ms. Babcock testified that it did not happen in this case and it was missed by both the applications department and the Respondent.

3. Mr. Carson then asked Ms. Babcock what is controlling. Ms. Babcock testified the CPCN is controlling, and the tariff needs to match the CPCN. Mr. Carson asked Ms. Babcock if the CPCN and tariff were inconsistent, what happens. Ms. Babcock testified the tariff would need to be corrected to match the authority granted by the CPCN.
4. When Mr. Carson was finished with Ms. Babcock, the State, through the DAG, Radhika Kunnel, and Mr. Carson began arguing the law back and forth. The arguments became very confusing and numerous NRS and NAC sections were orally cited and referred to. The Administrative Attorney, Yoneet Wilburn, in her capacity, observed the Hearing Officer was having a hard time keeping up with all the laws and regulations being orally cited. Ms. Wilburn asked both attorneys to stop and asked the Hearing Officer is she would prefer the attorneys to brief their legal arguments so the Hearing Officer could read both briefs before continuing with the hearing. The Hearing Officer stated this is what she wanted both parties to do. At this point, both parties agreed they would stipulate to the facts contained in the Investigative Report, which was submitted as State's Exhibit #1, along with Ms. Babcock's testimony. The hearing was adjourned until September 26, 2025 for both parties to brief their legal arguments and submit to Ms. Wilburn, who would then give them to the Hearing Officer, who would read both briefs before the second part of the hearing, scheduled for September 26, 2025.

5. The hearing resumed on September 26, 2025. Both parties timely submitted their legal briefs and the Hearing Officer had the opportunity to read both briefs. The Hearing Officer told both parties they had brief time to make any arguments in addition to their briefs.
6. Mr. Carson argued the tariff was in existence since August 4, 2023 and the NTA knew this was the tariff the Respondent was operating under. NTA staff never notified the Respondent the tariff did not comply with the CPCN and needed to be changed. Mr. Carson continued with his argument stating the NTA did not have a specific definition of for the phrase, "…on the one hand, and points and places on the other." Mr. Cason argued that not only did the NTA not have a definition for the phrase, but different staff members within the NTA had different definitions and there was no consensus amongst staff members.
7. Mr. Carson argued the CPCN language should be changed to reflect the language contained in the tariff as that is the authority the Respondent wants. Mr. Carson argued, based on the language in the tariff, the Respondent should be allowed to Lyon county if one part of the ride, either the beginning of the ride or the end of the ride, starts or ends in one of the counties listed on the CPCN or the tariff.
8. Ms. Kunnel then had an opportunity to argue in support of her brief and in response to what Mr. Carson argued. Ms. Kunnel first asked that Mr. Carson's references to Ms. Babcock's statements that it was a mistake be stricken as hearsay, and it misstates what Ms. Babcock testified to. The Hearing Officer sustained this objection and allowed Ms. Kunnel to continue. Ms. Kunnel argued intentions do not become law. Just because the Respondent wanted this authority doesn't mean this is the authority they were granted under their CPCN. Further, the Respondent knew they did not have this authority as they made an agreement for a party who wanted status as a party under the NTA's regulations, to dismiss

their Petition for Leave to Intervene and the Respondent would agree not to go into a specific county, Lyon county. Ms. Kunnel furthered argued that the Respondent admitted that the CPCN controls, not the tariff. Further, the Respondent knew there was a mistake on their tariff and it did not match the CPCN and the Respondent never brought it to the NTA's attention. Finally, Ms. Kunnel argued this issue, defining the phrase stated above, was put on the NTA's agenda for their January 2025 General Session and Mr. Carson was part of the discussion. And the item was put on the agenda because of the issue with this Respondent in this case. Ms. Kunnel argued the Authority ruled that CPCN was the controlling document and ordered all carriers to ensure their tariffs matched the authority granted in their CPCNs.

9. Mr. Carson responded to Ms. Kunnel's argument stating it is the NTA's job to help carriers comply with the law. Mr. Carson asked the judge to rule it was a mistake so the Respondent could expand their authority in the CPCN. In the alternative, Mr. Carson asked the hearing officer to allow the Respondent to file an application for expansion and if the application were to be granted, this immediate citation would be dismissed.
10. Ms. Kunnel closed out arguments stating the only mistake here was made by the Respondent. They had the notice and time to correct their tariff from the order of the Authority at the January General Session and still had not done so.

CONCLUSIONS OF LAW

Based on the testimony Application's Manager, Liz Babcock, the parties' legal briefings and the parties oral arguments in support of their briefs, the Hearing Officer found the State met its burden and the violations occurred. Further, the Hearing Officer accepted and agreed with the State's legal arguments and interpretations of the law.

DISCUSSION

Based on the conclusion of law by the Hearing Officer, the Hearing Officer ordered a global fine of $5,000 for Violation 1, NAC 706.360 (118 counts) with $3,500 held in abeyance for a period of two (2) years provided no further violations of NRS or NAC 706 occur in that period. The Hearing Officer ordered the Respondent fix their tariff to mirror the authority granted in their CPCN within sixty (60) days of the signing of this order. Lastly, the Hearing Officer ordered five (5) unannounced operational inspections of the Respondent over the next two years.

ORDER

IT IS THEREFORE ORDERED, based on the foregoing Findings of Fact and Conclusions of Law:

1. That the recommendation of the Hearing Officer regarding, Violation 1, NAC 706.360 (118 counts) in Citation 25308 be AFFIRMED;
2. That Violation 2, NAC 706.3612(5) (92 counts) is WITHDRAWN and DISMISSED.
3. That the global fine for Violation 1, NAC 706.360 (118 counts) be Five Thousand Dollars ($5,000) with Three Thousand Five Hundred Dollars ($3,500) held in abeyance for a period of two (2) years provided there are no further violations of NRS or NAC 706 in that period and there is timely payment of the fine.
4. The Respondent must correct their tariff to reflect the authority granted in their CPCN and the authority on the tariff must match the CPCN. This must be done within in 60 days of this order being signed.
5. The NTA will conduct five (5) unannounced operational inspections of the Respondent over the next two (2) years.

6. That the Authority retains jurisdiction for correcting any errors that have occurred in the drafting or issuance of this Order.

DISCUSSION
DOCKET 25-08012
October 10, 2025

Acceptable Compliance With NRS 706.124

NRS 706.124 "Taxicab" defined. "Taxicab" means a vehicle which is not operated over a fixed route, is designed or constructed to accommodate and transport not more than six passengers, including the driver, and:

1. Uses a taximeter or some other device, method or system to indicate and determine the passenger fare charged for the distance traveled;

2. Is used in the transportation of passengers or light express, or both, for which a charge or fee is received; or

3. Is operated in any service which is held out to the public as being available for the transportation of passengers from place to place in the State of Nevada.

(Added to NRS by 1989, 1783; A 2015, 2596)

Item Number # 98

How it is worded:

"points and places within _____County and_____County, Nevada."

OR

"points and places within _____County and_____County, Nevada on the one hand and points and places within the State of Nevada on the other."

The CPCN grants the authority, and it may be seen as confusing **since this wording grants two different authorities.**

Wording "points and places within Counties", clear meaning, all pick ups and drop offs must be within the counties listed.

Wording- adding " on the one hand and points and place within the State of Nevada on the other."

Means one side (on the one hand) must be within the specified counties,

"and points and places within the State of Nevada, on the other" (hand implied) means - this is two sided authority (one hand and the other) transportation = to pick up (point of origination) and drop off (point of destination).

Therefore pickup/point of origination within specified counties and the drop off/point of destination anywhere within the State (can be in the specified counties or any other county in the State of Nevada.

Example: Assume carrier has authority within Washoe, Storey, and Douglas Counties,
The carrier can take passenger from Reno to Vegas, can take a different passenger from Vegas to Reno – but while in Vegas cannot transport a passenger from one location in Vegas to another location in Vegas because one side (pick up or drop off must be in a specified counties)

Discussion Docket 25-08019
Update Certificate Language
October 10, 2025, General Session

Docket 25-08019 Discussion on updating language included on any newly-issued certificate of public convenience and necessity (CPCN), designating those specific service areas where such a carrier may operate. ***- FOR POSSIBLE ACTION***

Current wording:

1. "points and places within _____County and_____County, Nevada."

OR

2. "points and places within _____County and_____County, Nevada on the one hand and points and places within the State of Nevada on the other."

Possible rewrite for 1.

Authority to provide either pick-up or drop-off transportation services to all locations only within the following Nevada Counties_____.

- **Interpretation 1:** "Points and places within [County A] and [County B], Nevada." This indicates that all pick-up and drop-offs must occur within the boundaries of the specified counties.

Possible rewrite for 2.

Authority to provide either pick-up or drop-off transportation services only within _____ _____ counties, Nevada and drop-off or pick-up allowed anywhere within Nevada. Point-to-point transportation outside the authorized counties is not permitted.

- **Interpretation 2:** "Points and places within [County A] and [County B], Nevada on the one hand, and points and places within the State of Nevada on the other." This wording implies a two-sided authority. It suggests that one end of the transportation service (either the pick-up or the drop-off location) must be within the designated counties, while the other end can be anywhere in the State of Nevada.

Transportation of passengers between Point A (designated counties) and Point B (other counties or regions within the State of Nevada or state of nevada). The ride may be initiated or terminated in Point A.

The current fuel surcharge will be based on data available for the 25th calendar day of the immediately preceding month and will go into effect on the 1st day of the month. LCB R 042-23 item 10

The Consumer Price Index (CPI) measures the average change over time in the prices paid by urban consumers for a basket of goods and services, serving as a key indicator of inflation. It is used by the Federal Reserve for monetary policy, by businesses for economic decisions, and to adjust wages, pensions, and government benefits for the effects of inflation. The CPI is calculated by collecting prices for items like food, housing, and transportation from thousands of outlets across the country and combining them with weights that reflect their importance in consumer spending.

Page 3 of this exhibit was submitted by the Nevada State Towing Association "NSTA" which explains how they perceive this to be applied.

Staff's questions/concerns

1. Calendar vs, Fiscal year OR immediately preceding calendar year meaning 12 months immediately preceding the CPI index month? CPI Index is reported monthly and compared to same month of prior year.
2. All carriers would be filing at the same time (approximately 75 non-consent tow operators)
3. Does this have an effect on filing of other increases during the year in between CPI increases?
4. Staff review of tariff modifications – would want date of CPI noted on the tow tariff for tracking.

NAC Update 5 | R042-23 | 706.408 §10 | *Annual CPI Increase*

The operator of a tow car may increase, on an annual basis, the tariff rate by a percentage equal to the percentage increase in the consumer price index (all items) published by the United States Department of Labor for the immediately preceding calendar year.

Website to be used for Annual CPI Increase:

https://www.bls.gov/charts/consumer-price-index/consumer-price-index-by-region.htm

Pressing "Show Table" below the graph yields values published per month. The value to be used for the annual tariff increase will be the Dec value of the previous year, averaged among the four major regions – South, West, Midwest, and Northeast. For any tariff submission in 2025, the max price increase will be 2.94% [(2.8 + 2.5 + 3.0 + 3.5)/4].

We chose the average of the four major regions because tow truck parts tend to be very specialized and are sourced throughout all parts of the United States, and we are therefore sensitive to increase across the country.

PROPOSED REGULATION OF THE

NEVADA TRANSPORTATION AUTHORITY

LCB File No. R042-23

October 12, 2023

EXPLANATION – Matter in ***italics*** is new; matter in brackets [~~omitted material~~] is material to be omitted.

AUTHORITY: § 1, NRS 706.171 and 706.321.

A REGULATION relating to tow cars; revising provisions relating to permissible rates, charges and discounts for towing; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Existing law requires every operator of a tow car to file with the Nevada Transportation Authority schedules and tariffs that include all rates and charges established by the operator for towing services performed without the prior consent of the owner of the vehicle or the person authorized by the owner to operate the vehicle. (NRS 706.321) This regulation authorizes an operator to charge a fuel surcharge when the retail price per gallon of regular fuel is $3.25 or more, according to the United States Department of Energy, Energy Information Administration survey on Weekly Retail Gasoline and Diesel Prices, Regular Grade - West Coast (PADD 5) and requires such a fuel surcharge to be listed separately on the bill for towing. This regulation requires an operator who charges such a surcharge to decrease any such surcharge if the retail price per gallon of regular fuel decreases.

Existing regulations require rates and charges for towing services requested by a person other than a law enforcement agency, the owner of the vehicle, his or her agent or the driver of the vehicle, to be based upon a flat rate, except that an additional rate for mileage may be charged for a tow of more than 10 miles. (NAC 706.406, 706.408) This regulation additionally authorizes an operator who provides such towing services to impose a charge for the cost of recovering the vehicle and any damage caused to the property of the operator and a fuel surcharge under circumstances where such a surcharge is authorized.

Existing regulations authorize an operator to discount the rates specified in its tariff for a single towed vehicle if the operator submits certain information to the Authority and the Chair of the Authority or his or her designee provides written authorization for the discount. (NAC 706.408) This regulation eliminates these requirements and instead authorizes an operator to discount such rates if, in the opinion of the operator, good cause exists therefor.

This regulation authorizes an operator to increase his or her tariff rate, on an annual basis, by a percentage equal to the percentage increase in the Consumer Price Index (All Items) published by the United States Department of Labor for the immediately preceding calendar year.

Section 1. NAC 706.408 is hereby amended to read as follows:

706.408 1. The operator of a tow car shall include on a bill for a nonconsensual tow only those rates and charges approved by the Authority in the operator's tariff ~~[.]~~ ***or which are otherwise authorized by law.***

2. The rates and charges for Category C must be based upon a flat rate. The flat rate may vary for the time of day at which the vehicle is towed, but may not vary according to the time required to tow the vehicle, the distance or the equipment used, except that ~~[a]~~ ***:***

(a) An additional rate for mileage ~~[similar to the rate for mileage for Category A or B]~~ may be charged for a tow of more than 10 miles ~~[.]~~ ***;***

(b) An operator may impose a charge to reflect the cost of recovering the vehicle and any damage caused to the property of the operator; and

(c) A fuel surcharge may be imposed pursuant to subsection 8.

3. An operator of a tow car that is operating under tariffs that are Category A or B may file a separate schedule of rates and charges for Category C for each type of tow car operated.

~~[3.]~~ ***4.*** An operator of a tow car shall include in his or her tariff a specific reduction in the flat rate charged for releases of a vehicle if the owner of the vehicle or his or her agent arrives at the scene of the tow before the vehicle is towed.

~~[4.]~~ ***5.*** The distance for which a rate is charged must be determined by the shortest practical route. A fraction of a mile must be rounded to the nearest mile. The operator of a tow car may

use another route only at the request of the owner of the vehicle, his or her agent or the driver of the vehicle.

~~[5.]~~ ***6.*** The rates and charges in a tariff for Categories A and B may differ from the rates and charges in a tariff for Category C.

~~[6.]~~ ***7.*** An operator of a tow car may discount the rates with respect to a single towed vehicle which are specified in the operator's tariff if ~~[~~:

A REGULATION relating to towing; revising provisions governing the documentation required for the towing of a vehicle which is not requested by the owner of the vehicle, law enforcement or local government; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Existing law imposes certain conditions on the towing of a motor vehicle which is requested by a person other than the owner of the vehicle, an agent of the owner of the vehicle, a law enforcement officer or other person who is employed to enforce the laws, ordinances or codes of a local government. Such conditions require, without limitation, that: (1) the person requesting the towing be the owner of the real property from which the vehicle is towed or an authorized agent of the owner; and (2) the owner or the authorized agent of the owner sign a specific request for the towing. APPLICATION 24-12017

Filed December 16th 2024

Exotic luxury auto carriers Inc

90% by Vicky Chan owned 10% by Courtney Bailey, represented by Alex Tello Esquire

The 10% owner was originally going to manage the company, then changed to be silent partner only. As a silent partner fingerprints would not be required.

Normally we do not fingerprint anyone less than 15% ownership that does not have control of the company, however, in this case the 10% owner was quite vocal in the application process, calling several times wanting to know what was going on etcetera. Mu understanding is that his calls were quite demanding and disrespectful to staff in both Reno and Las Vegas.

Additionally, when an attorney is involved staff works with the attorney not with the owners.

Based on the behavior of the 10% owner, the compliance investigator requested that the 10% owner be fingerprinted since he was apparently taking part in the running of the company and the 90% owner lives out of state.

The 90% owner was adamant that he was not to be involved in the company, and also instructed staff not to deal with the attorney. On 6/17/25 we got notice from the attorney that they were withdrawing from representation. The 90% owner said she will be in full control running the company.

Staff is uncomfortable with the gentleman refusing to have his prints taken.

application was tabled to 8/28/2025 GSM to allow for print to be taken and results received.

Reno Outdoors, LLC.
Application for Scenic Tour Authority
Docket 24-11016
November 6, 2025 General Session

Application Summary:
On November 11, 2024, Reno Outdoors, LLC ("Applicant") filed an application requesting scenic tour authority within Washoe County on the one hand and points and places within the State of Nevada on the other and to operate up to three (3) vehicles. Khalil Benabou is the sole member of the LLC and will be the sole operator and driver for the company until business increases when the second vehicle and driver will be added. Mr. Benabou is 100% owner of a tour company, Desert Trips, operating 100% in Morocco. Desert Trips operates through Trip Advisor and Viator platforms.

The application was accepted in the NTA Reno office. After required corrections, the application was accepted and noticed on July 3, 2025. No PLTIs or protests were filed.

Staff Analysis:
Staff supports this application and requests the application hearing be dispensed per NRS 706.391(9). The following procedures were performed by Staff with acceptable results and is their basis to support this application:

1) There were no PLTIs or protests filed.

2) Background investigation was performed with no areas of concern. (Attachment A).

3) Market – Per current policy, staff does not verify market for scenic tour applications. However, the Applicant will be advertising through their website and media platforms such as Trip Advisor and Viator. The Applicant has been successful in his Morocco tour business by relying on this type of advertising. (Attachment B)

4) Pro Forma Balance Sheet – Lists three (3) vehicles, one owned outright, a second vehicle to be purchased as business warrants, and one thereafter projected to be during the second year. The current ratio is 3.3 to 1 and the equity ratio is 27% and there is sufficient working capital to cover the first 90 days fixed expenses. A cash infusion is not required. (Attachment C)

5) Pro Forma Income Statement – Projects $24,600.00 in revenues and $484 in net revenue (after adjusting for vehicle depreciation and workman's comp). (Attachment E) Based on projections for the first year, it is unlikely that a second driver will be required until some time during the second year. Therefore, Staff supports a one vehicle fleet to begin operations with a restriction to be placed on the certificate that requires the carrier to provide Staff with evidence of financial viability prior to the addition of another vehicle to their fleet up to a maximum of three (3) vehicles. Financial viability to include an increase in market demand, a minimum 20% equity, a 1:1 current ratio and enough working capital to cover 60 days of fixed expenses.

6) Tariff – Currently there are no scenic tour operators in the Northern Nevada area, therefore there are no comparable tours/rates. There is a private Las Vegas Highlights Tour for $299.00 per person indicating that there are tours offered at that rate. A scenic tour is a luxury experience that is totally optional.

Company Description

Reno Outdoors LLC is an LLC based in Reno, Nevada, focused on delivering high-quality tourism services. Our offerings include guided day trips, private transportation, and multi-day tours that showcase the natural beauty, historical sites, and recreational opportunities of Reno, Lake Tahoe, and surrounding areas. We aim to become the preferred choice for travelers seeking convenient and memorable transportation and tour experiences.

Market Analysis

Reno and Lake Tahoe are popular tourist destinations known for their outdoor activities, casinos, and natural landscapes. There is a growing demand for reliable transportation and guided tours among tourists, business visitors, and locals. The tourism market in Reno is expanding, driven by the region's appeal and increased travel interest post-pandemic. During our research, we found that while several tour companies offer services from Tahoe, few originate from Reno. Unlike standard taxi services, Reno Outdoors LLC offers a unique experience with pick-ups directly from clients' hotels and personalized tours to destinations like Tahoe, Virginia City, or Carson City, complete with historical insights and safe return to their accommodations. Reno Outdoors LLC is positioned to capture this market by providing specialized, customer-focused services.

Open Top Sightseeing Las Vegas, LLC d/b/a Big Bus Tours
CPCN 2004, sub 12 Charter Bus Authority
Docket 25-05031
November 6, 2025 General Session

At the general session held on October 9, 2025, the authority requested that Open Top Sightseeing Las Vegas, LLC d/b/a Big Bus Tours ("Applicant") provide a more detailed description/definition of dynamic surge pricing list on Page 5 (Rule 100) of the tariff.

On October 14, 2025, Kimberly Maxson-Rushton, legal representative emailed a revised tariff for review. The revised description/definition is:

DYNAMIC PRICING

Fixed Route Products:

- **Pre-Travel (i.e. 7 days out) Discounts:** Up to 30% off approve rate.
- **Within 7 days of travel:** Pricing can return to approved rate.
- **Same Day of Travel:** Price increase by up to 10% (based on demand).

Example - Discover Ticket: **$49** (7 days out), increases to **$57** (approved rate) within 7 days, and potentially up to **$59** on the day of travel, based on booking volume.

Night Tour *(Fixed Capacity):*

- **Pre-travel Discounts:** Up to 30% off approved rate.
- The same Dynamic rule as Fixed Route (return to approved rate and increase up to 10% on the day of travel), and/*or*
- **Capacity-based Price Increase** (up to 10% above Retail):

Example- Adult Night Tour - 48 pax total (100% capacity)

- $69 before travel
- $72 (approved rate) on the day
- 70% full → $73
- 80% full → $75
- 90% full → $77 (max)

Staff does not support the revised description/definition. The purpose of a tariff is to have clearly defined rates that certificated carriers must adhere to for the benefit of the public and authority. The structure of the dynamic surge pricing as defined above undermines this purpose.

Phoenominal Towing, LLC
Tariff Modification Filing
Docket 25-09027
November 6, 2025 General Session

Tariff Filing Summary:

Phoenominal Towing, LLC ("Carrier") CPCN 7371 was issued on January 9, 2018. This is the first tariff modification submitted since issuance of this certificate.

Staff's Analysis:

1. The carriers is requesting to increase its rates by 30% which was granted to all tow carriers granted under Docket 24-01035.

2. The carrier is also requesting to increase rates based on the Cost of living (CPI index)

Staff's Summary:

Staff supports the 30% increase as these are the rates that have been in effect – this carrier has not been doing non-consent tows until now which is why he did not request the 30% increase when it was made available to all tow carriers.

Staff also supports the CPI index increase, **subject to the outcome of the discussion item in Docket 25-08022, which will determine how the CPI increase is handled.**

Subject: Request for Hearing Regarding License Revocation

Dear Nevada Transportation Authority,

I am writing to formally request a hearing regarding the recent revocation of my business license.

In June 2024, I submitted a request to stop operations for one of my buses. At that time, I continued operating only my Mercedes Sprinter. I maintained all requirements, including vehicle inspections, business license, and insurance, which remain valid until October 25, 2025.

Unfortunately, due to my father's health issues (documentation available, including doctor's notes and photos), I faced unexpected personal circumstances. In February 2025, I notified your office of my emergency and my need to leave town. During this time, I did not receive any communication by mail, email, or phone regarding the pending status of my license or the risk of revocation. Had I received notice, I would have immediately responded to complete any outstanding requirements, such as the driver title, or requested an extension.

I returned to Las Vegas on June 26, 2025, and subsequently received the revocation letter dated July 28, 2025.

Given these circumstances, I respectfully request the opportunity to present my case and provide supporting documentation at a hearing. Thank you for your time and consideration.

Sincerely,

James Bernal
