90. Failure to Make Delivery

A. In all instances where carrier is unable to locate the consignee at the address (if known by carrier); or where the consignee is unable or declines to accept delivery of the shipment; or the shipment remains in the possession of the carrier pursuant to instructions of the shipper or consignee, consignor or owner, written notice shall be delivered to the premises where actual delivery was to be effected or to the other notifying address and, at the option of the carrier, the property placed in a public warehouse, and upon such placement, liability to carrier shall immediately cease and liability shall thereafter be only that of the warehouseman in possession.

A. It is the responsibility of the shipper to make shipment accessible to carrier or accept delivery from carrier at a point at which the road haul vehicle may safely operate.

B. When it is physically impossible for the carrier to perform pick-up of shipment at origin address or to completed delivery of shipment at destination address with normally assigned road haul equipment due to the structure of the building, its inaccessibility by highway, inadequate or unsafe public or private road, overhead obstructions, narrow gates, sharp turns, trees, shrubbery, the deterioration or roadway due to rain, flood, snow, the articles will be picked up or delivered at the nearest point of approach to the desired location where equipment can be made safely accessible. D. If the shipper does not accept the shipment at nearest point of safe approach by carrier's road haul equipment to the destination address, the carrier may place the shipment, or any part thereof not reasonably possible for delivery, in storage at the nearest available public warehouse, subject to a lien for all lawful charges. Nothing in this tariff shall require the carrier to perform any line-haul service or pick-up or delivery service or any other service from or to or at any point or location where, through no fault or neglect of the carrier, the operation of vehicles is impracticable because:

B. Loading or unloading facilities are inadequate; or

C. Any force majeure, war, insurrection, riot, civil disturbance, strike, picketing, or other labor disturbance would (1) subject operations to unreasonable risk of loss or damage to life or property or (2) unreasonably jeopardize the ability of the carrier to render line-haul or pick-up or delivery or any other service from or to or at other points of location.
