Equipment Rates, Capacity and Descriptions

Applicable For All Vehicles: RATES MAY VARY and may be reflective of vehicle availability (supply and demand). Rates quoted at time of booking will not be subject to change and are valid until the reservation is completed. A bus (also transit bus, commuter bus, city bus, public bus or simply bus) is a type of vehicle used to transport passengers with a vehicle capacity larger than a standard car, on shorter-distance public transport bus services which include low-floor buses, articulated buses and minibuses. Ref: en.Wikipedia.org

A coach (also motor coach, often simply called a bus) is a type of bus used for conveying larger groups of passengers on excursions. Unlike a bus designed for shorter journeys, coaches often have a luggage hold separate from the passenger cabin and are normally equipped with facilities required for longer trips including comfortable seats and sometimes a toilet. Higher specification vehicles include luxury seating, custom interior and audio/visual equipment. Ref: en.Wikipedia.org
