TO: ALL CARRIERS REGULATED BY NTA

On June 1, 2021 Governor Sisolak announced Nevada counties are open to 100 percent capacity. This is great news for all NTA carriers as now you can operate at 100% capacity. The NTA is no longer requiring re-opening plans be submitted by carriers.

CDC guidelines continue to be in place to wear masks for any type of transportation. Masks are required on planes, buses, trains, and other forms of public traveling within the United States. This requirement includes taxis and rideshares as well.

Thank you so much for all the work you have done during this pandemic providing safe, adequate, economical, and efficient service to the traveling public.

Kindest Regards,

Dawn Gibbons
